One Talk 4G LTE Desk Phone—T67LTE

Innovative business desk phone with embedded 4G/LTE cellular technology

7" Multi-Touch Screen	Android 9	eSIM	VoLTE	HAC
SMS	Bluetooth	Wi-Fi	HD	

The T67LTE is an advanced wireless cellular business desk phone based on the Android operating system. The screen and functions are intuitive and offer a user experience similar to an Android smartphone. Setup is easy because it requires no network wiring and the device has a built-in embedded SIM (eSIM) card for connecting to the Verizon 4G/Voice over LTE (VoLTE) network.

Key features and benefits

HD VoLTE calling

Integrates 4G/VoLTE cellular technology, enabling you to enjoy a reliable wireless experience similar to that offered by your smartphone in an innovative, feature-rich desk phone with a large 7-inch color touch screen.

Wireless freedom and reliability

Uses the Android operating system with a built-in eSIM card and requires no extra wiring or an internet connection; communications go over the Verizon 4G/VoLTE network. If your company network or internet goes down, calls to your 4G desk phone will keep coming through over the reliable Verizon cellular network to help support business continuity. Ethernet and Wi-Fi are also built into the desk phone in case you want to connect via your broadband internet connection rather than the Verizon 4G/VoLTE network.
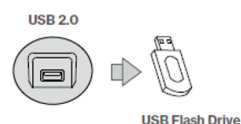

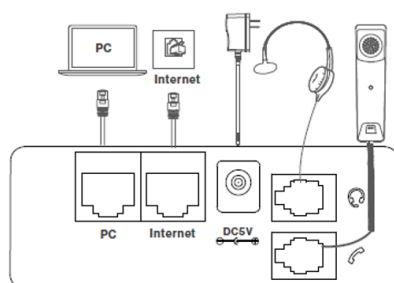

What you get with the One Talk T67LTE Desk Phone

- Android operating system
- 7-inch (800 x 480 px) capacitive touch screen
- Built-in eSIM
- VoLTE calling
- Optimal HD audio, Smart Noise Filtering
- Built-in Bluetooth® 4.2; supports Bluetooth headset
- Built-in dual-band 2.4G/5G Wi-Fi
- USB Type A port; supports USB headset and USB flash drive

Superior call and audio quality

Voice communications are prioritized over other traffic on the Verizon network, and HD audio provides the same advanced voice technologies (codecs) as mobile smartphones.

Easy setup and configuration

Just unbox the desk phone, plug it in, and let the phone configure itself on the Verizon network, similar to how you would for your smartphone. No Ethernet wiring, firewall configuration or network testing is needed. The desk phone can be easily moved and will work in any location with a Verizon network signal—at the office, a customer location, home, a hotel, etc.

verizon√

Frees up company internet bandwidth

No need for an internet connection, which may help improve the performance of other devices and apps on your network.

Voice and messaging

Just like with a smartphone, a user can send and respond to SMS/text messages via this desk phone.

Specifications

Audio features

- HD voice: HD handset, HD speaker
- Hearing-aid compatible (HAC) handset
- Acoustic shield and Smart Noise Filtering
- Audio codec: AMR, AMR-WB
- DTMF: in-band, out-of-band (RFC 2833)
- Full-duplex hands-free speakerphone with AEC

Phone settings

- 1 IMS account (LTE mode)
- Call forward, call waiting, call transfer
- Mute, do not disturb, call hold, redial, call return
- SMS
- Emergency call (E911)
- Six-way conferencing
- Ringtone selection
- Set date and time manually or automatically
- Built-in dual-band Wi-Fi:
  - Network standard: IEEE 802.11a/b/g/n
  - Transmission rate: up to 433 Mbps (dynamic)
  - Frequency range: 2.4 GHz/5.0 GHz
- Built-in Bluetooth for Bluetooth headset

- USB port (2.0 compliant) for:
  - Wired/wireless USB headset
  - USB call recording through USB flash drive
  - Basic functions: answer/end, call mute
- Enhanced DSS key
- 100 M Ethernet port; can be used as WAN port or LAN port

Directory

- Local phone book—up to 1,000 entries
- Block list

Additional calling features

- Busy Lamp Field (BLF)
- Anonymous call, anonymous call rejection
- Voicemail
- Call park, group call park
- Direct and consultative transfer

Display and indicator

- 7-inch 800 x 480 px capacitive touch screen
- LED for call and message waiting indication
- Dual-color (red or green) illuminated LEDs for line status information
- Intuitive user interface with icons and soft keys
- Multilingual user interface
- Caller ID with name and number
- Wallpaper and screen saver
- Power saving

Feature keys

- 21 one-touch DSS keys
- Seven feature keys: hold, transfer, message, headset, mute, redial, speakerphone
- Volume control keys
- Illuminated mute/headset/hands-free speakerphone key

verizon✓

Interface

- 100 M Ethernet port
- 1 x USB port (2.0 compliant)
- Built-in dual-band 2.4G/5G Wi-Fi
- Built-in Bluetooth
- 1 x security lock port
- 1 x RJ9 (4P4C) handset port
- 1 x RJ9 (4P4C) headset port

Network and security

- IPv4/IPv6, LLDP/CDP/DHCP VLAN, IP assignment: static/DHCP
- Time and date synchronization using SNTP
- SIP v1 (RFC2543), v2 (RFC3261)
- UDP/TCP/DNS-SRV (RFC 3263)
- QoS: 802.1p, Layer 3 ToS DSCP
- AES encryption for configuration file

Other physical features

- Color: Classic Grey
- Wall-mount bracket (optional)
- External Yealink AC adapter: AC 100–240 V input and DC 5 V/2 A output
- USB output currency: 5 V 500 mA
- Power consumption (PSU): 1.5 W–4.5 W
- Dimension (W x D x H x T): 9.86 in x 6.64 in x 6.87 in x 1.75 in

Compliance

CE FC RoHS Compliant REACH ISO 9001
