HISTORY OF THE STATE ELECTION COMMISSION

The State Election Commission became a separate state agency on January 1, 1969. It had formerly functioned as a division of the office of Secretary of State. The General Assembly felt voter registration and the administration of elections were matters that should be removed from possible influence of partisan, elected officials and placed under the custody of a non-elected bipartisan board or commission. By the law which created the Election Commission, it was required that the Commission be composed of at least one member of the majority political party and at least one member of the largest minority political party represented in the General Assembly.

The State Election Commission operates under authority granted by 1968 Act No. 955, which is codified as Title 7-3-10 of the 1976 South Carolina Code of Laws, as amended.

ORGANIZATION OF THE STATE ELECTION COMMISSION

I. ADMINISTRATION

The functions of the Election Commission are administered by a five-member commission, which meets monthly in Columbia, and by an executive director who is the chief administrative officer of the agency. Policy, procedures and rules governing the various functions of the Commission are set by the election commissioners and carried out by the executive director. The executive director employs and maintains a working staff to assist him in carrying out his duties. During statewide general election years, it is necessary to employ additional personnel in order to carry out the increased responsibilities of the Election Commission at that time.

The Election Commission also considers and recommends changes in the Registration and Election laws to the General Assembly.

II. CENTRAL VOTER REGISTRATION SYSTEM

The Election Commission is the coordinating center of South Carolina's computerized system of voter registration. All forty-six (46) counties report new registrations and registration changes to the Central Office, where a computer file is built and from which are printed new lists of registered voters for every election held in the State: statewide, countywide, municipal or other. South Carolina was the first state in the country to use this CVRS. Since 1967, this highly successful system has been maintained by the State Election Commission. On a daily basis, this system adds new voters and removes voters who have died, moved, been convicted of certain crimes or otherwise become ineligible as electors.

In this regard, reports must be obtained from other federal, state and local agencies and compared with the computer files. Detailed records and statistics are maintained on the number of registered voters in each county and precinct of South Carolina. Biannually, voters who have failed to vote in at least one election in a two year period are removed from the list of active voters and placed in an inactive file.

All forty-six (46) counties now have "on-line" direct access to the CVRS which allows for input of new voters and changes to registrations. Since 1984, counties have found the direct link useful and time saving in the printing and distributing of voter registration notification material.

All forms and materials used for voter registration by the central office and the county boards of registration are printed and paid for by the State Election Commission. The Central Office also provides, as a public service, the sale of precinct lists of registered voters at a reasonable cost to any registered elector.

III. AID TO COUNTIES

The Election Commission is charged by law with the responsibility of disbursing, to all counties, a state supplemental appropriation to aid in keeping the Board of Registration office open during normal courthouse hours. The amount received by the counties is based upon their respective populations.

IV. ELECTIONS

A. Office of Elections

The State Election Commission is the chief election office for the conduct of general and special elections.

This office prints and distributes for statewide general elections and countywide special elections all ballots, forms and other materials necessary to conduct such elections for President, State Officers, United States Senators and Congressmen and Constitutional Amendments.

B. State Board of Canvassers

After the conclusion of state and county general elections, the five commissioners of the Election Commission act as the State Board of Canvassers. The Board certifies the results of elections and hears appeals and protests arising in such elections.

C. Educational Services

The State Election Commission conducts a comprehensive training program for election workers throughout South Carolina on a continuing basis and provides needed information to members of the public concerning election procedures in the state. A variety of election statistics regarding South Carolina's elections are also available upon request.

Educational Services conducted a statewide training program for poll managers working in the General Election. This program was aired to the Managers at selected sites throughout the state via the Educational Television Network's closed circuit lines. Special telephone lines and talkback facilities provided by ETV were utilized to answer any manager's questions on the air. Most of the managers working in the General Election took part in this training program.

Aiken, Anderson, Beaufort, Charleston, Cherokee, Greenville, Horry, Richland, Spartanburg, and Sumter counties continue to implement their in-county poll manager training programs. It is hoped that other counties will begin year round training in the future.

D. Electronic Voting System

The State Election Commission maintains the software and programs the voting machines used by sixteen (16) counties in the state to conduct elections at all levels of government. We provide proper security and protection to assure the machines used and the programs that produce the election results are free from tampering and fraud. All ballots for the machines are produced in the Commission's office and approved by the Director or Assistant Director.

ENERGY CONSERVATION PLAN AND GOALS

For errands around the city of Columbia, our courier plans one or two trips per day to cover all places. When office staff has to work in a county voter registration and/or election office, employees plan trips on the same day, so they can travel together, saving gas and auto usage. All lights are turned off as workers leave the office. All equipment is updated so as to use less energy.

Our energy goals are to continue carpooling to county offices and working more with county offices over the phone and by computer. The energy efficiency will be considered when purchasing office equipment.

BOARD OF STATE CANVASSERS
2221 Devine Street, Suite 105
Columbia, South Carolina 29205

August 29, 1992

Present: Mr. William B. DePass, Jr., Chairman; Mr. Roger Leaks, Jr., Vice-Chairman; Dr. Neal D. Thigpen; Mr. Philip T. Bradley; Dr. Deborah B. Cureton; Mr. J. Lynn McCants, Executive Director; Mr. Jim Hendrix, Deputy Director; Mr. John Harper, II; Rev. Joe Neal; Dr. Barbara Woods; and Mr. Rudy Williams.

The Board of State Canvassers met on August 29, 1992, at 11:00 a.m. to canvass the votes in the Democratic and Republican primaries held on Tuesday, August 25, 1992, and to declare the results.

John Harper, unsuccessful candidate in the Democratic Party primary for the Sixth Congressional District, filed a petition with the Board requesting the Board of State Canvassers to declare the results of the August 25, 1992 Republican and Democratic primaries for the Sixth Congressional District in Charleston County null and void and to order the Charleston County Election Commission to conduct new primary elections for the Sixth Congressional District. The petition is based on the fact that the South Carolina General Assembly enacted legislation in February, 1992 which changed the number of precincts, precinct boundaries and polling places in Charleston County, which changes were not pre-cleared by the U.S. Justice Department. Mr. Harper asked the Board to delay the certifying of the primary results until the issue is settled. Mr. DePass explained to Mr. Harper that, while the Board understands his position, the Board of State Canvassers has no authority to take the requested action. Mr. DePass explained that even though the State took over the primaries, all protests are heard by the political parties. Mr. DePass told Mr. Harper the Board would consider the petition and issue its decision at its September 12, 1992 meeting and further suggested to Mr. Harper that the proper place to file his petition was with the state Democratic Party executive committee. Dr. Thigpen made a motion that the Board move forward with the certification of the August 25th Democratic and Republican primaries. Mr. Leaks seconded. The motion carried unanimously.

The Board of State Canvassers canvassed the votes and declared the results at this time.

There being no further business or discussion, the meeting of the Board of State Canvassers adjourned at this time.

Present: Mr. William B. DePass, Jr., Chairman; Mr. Philip T. Bradley; Dr. Deborah B. Cureton; Mr. J. Lynn McCants, Executive Director; and Mr. Jim Hendrix, Deputy Director.

The Board of State Canvassers met on September 12, 1992, at 9:00 a.m. to canvass the votes in the Democratic and Republican Runoff Primaries held on Tuesday, September 8, 1992, and to declare the results.

The Board canvassed the votes of the September 8 Runoff Primaries and declared the results at this time.

The next item of business on the agenda was the approval of the Minutes of the August 29 meeting of the Board of State Canvassers. Mr. Bradley moved that the Minutes be adopted as written. Dr. Cureton seconded. The Minutes were unanimously adopted as written.

Under old business Mr. McCants reminded the Board that at last month's meeting John Harper, an unsuccessful candidate in the Democratic primary for the Sixth Congressional District, presented a petition to the Board of State Canvassers requesting that this Board declare the results of Charleston county null and void and to order the Charleston County Election Commission to conduct new primary elections. Mr. McCants said based on his research and conversation with the Attorney General's office and also based on the discussion that occurred during the Board of State Canvassers meeting last month, it was determined that this Board is not the proper jurisdiction for the filing of the petition and all protests should be handled either by the county or the state executive committee of the respective parties. Mr. McCants gave the Board a proposed Order which he has drawn up for their signature. All members who were present signed the proposed Order.

There being no new business, the Board of State Canvassers adjourned.

Present: Mr. William B. DePass, Jr., Chairman; Mr. Roger Leaks, Jr., Vice-Chairman; Dr. Deborah B. Cureton; Mr. Philip T. Bradley; Mr. William H. O'Dell (Successful candidate in State Senate District 4); Mrs. William H. O'Dell; Mr. Dwight Drake, Esquire; Mr. Elliott Thompson, Esquire; Mr. Mike Burton, Director of Republican Party; Mr. Jeff Miller, State Newspaper; Mr. J. Lynn McCants, Executive Director; and Mr. Jim Hendrix, Deputy Director.

The November 12, 1992 meeting of the Board of State Canvassers was called to order.

As the Board of State Canvassers began signing the results of the general election, Mr. Bradley suggested that the Board hear from Mr. O'Dell and his attorneys so that they could go ahead and leave the meeting if necessary. All members of the Board were in agreement. Mr. Drake said they did not have any presentation or argument but would like to state for the record what they understand the posture of things to be. Mr. Drake said his understanding is that the challenged ballots for the candidates have been completed by both Anderson and Abbeville counties, and that the difference between the total of the two offices was less than 1% which would constitute a recount.

Mr. McCants passed out three proposed Orders of the Board to mandate a recount in State Senate District 3 in Anderson County, State Senate District 4 in Abbeville and Anderson Counties, and State House of Representatives District 96 in Lexington and Orangeburg Counties. Mr. Leaks made a motion that the Board order Abbeville and Anderson counties to recount the votes in Senate Districts 3 and 4 and Lexington and Orangeburg Counties to recount the votes in House District 96, as necessitated by law. Mr. Bradley seconded the motion. The vote was unanimous.

The Board certified the canvass books from the general election.

The meeting adjourned.

The Board of State Canvassers initially met at 2221 Devine Street, Suite 105 to certify the recounts from State Senate Districts 3 and 4 in Abbeville and Anderson counties, and the recount from House District 96 in Lexington and Orangeburg counties.

The Board then listened to testimony in the Chester County District 5 race held on November 3, 1992.

The Board went into Executive Session to deliberate. After some discussion, Mr. Leaks made a motion to overturn the decision of the Chester County Election Commission. Mr. Leaks said the lower Board should have never heard the case because the person who brought the case before the Board was not a candidate and did not have standing in this case. Dr. Thigpen seconded Mr. Leaks motion. The vote was unanimous.

 ORDER
)

This matter is before the Board on appeal from the decision of the Chester County Board of Canvassers/Chester County Election Commission which refused to declare the Appellant the duly elected candidate for the Chester County School Board, District 5.

Appellant was the Democratic candidate for the District 5 seat in the November 3, 1992, general election. Respondent, Ray S. Howe, was a write-in candidate. On November 9, 1992, the Chester County Board of Canvassers certified the results. The Appellant received 902 votes; Respondent received 63 write-in votes. Respondent protested the candidacy of Appellant on the grounds that Appellant was not a resident of District 5 at the time of his election and is not qualified to serve. On November 12, 1992, the Chester County Election Commission held a hearing on the protest. The County Election Commission refused to declare the Appellant the duly elected candidate. The Appellant timely filed an appeal of the decision to this Board.

An Appeal hearing was held before this Board on November 17, 1992. The Board reviewed the record and allowed additional testimony from all parties. Stringfellow argued that he met the residency requirements by moving from his residence at 101 Wanda Lane into an apartment at 301 Center Street. Stringfellow also presented evidence that he had changed his address on his driver's license to the Center Street address, that he had changed his address with the voter registration board to the Center Street address, and that he was receiving mail at the Center Street address. Mr. Howe's argument relied entirely on a letter from the apartment manager for the Center Street property which stated that there was no record of Mr. Stringfellow residing at the Center Street address.

Based on the record and evidence presented to this Board, we find that the Appellant has successfully demonstrated his intent to be a resident of District 5, and therefore is a resident of District 5. Accordingly, the decision of the Chester County Board of Canvassers and the Chester County Election Commission is reversed and the Appellant, Bill Stringfellow, Jr., is declared the duly elected candidate for the office of Chester County School Board, District 5.

Appellant was an unsuccessful candidate for the office of Lancaster County School Board of Trustees, District 6, in the November 3, 1992, general election. Appellant received 1,216 votes; Respondent, William R. Sims received 1,544 votes. Appellant filed a protest with the Lancaster County Election Commission. The protest alleged several discrepancies in the Primus precinct including a shortage of ballots and voters being allowed to vote in the wrong district.

The County Election Commission denied the protest. Appellant timely filed an appeal to this Board.

An appeal hearing was held on November 20, 1992. The Board reviewed the record and allowed additional testimony from all parties.

The Protestant, who is now the Appellant, has the burden of proof in an election protest. As was stated in Fielding v. South Carolina Election Commission, 408 S.E.2d 232 (1991).

(e) every reasonable presumption in favor of sustaining a contested election will be employed and irregularities which do not appear to have affected the result of the election will not be allowed to overturn it.

See also Berry v. Spigner, 226 S.C. 183, 189, 84 S.E.2d 381 (1954); Drawdy v. South Carolina Democratic Executive Comm., 271 S.C. 415, 417, 247 S.E.2d 806 (1978).

Additionally, an election will not be overturned unless the errors would affect the outcome of the election. Drawdy, supra, at 421; State v. Ham, 275 S.C. 369, 373, 271 S.E.2d 316 (1980).

After reviewing the record and the additional testimonies, the Board finds that the Appellant failed to introduce sufficient evidence of irregularities in the Primus precinct to have changed the outcome of the election. Accordingly, the appeal is denied and the decision of the Lancaster County Election Commission is upheld.

This matter is before the Board on appeal from the decision of the Sumter County Board of Canvassers to deny the protest of the Appellant.

The Respondent Watt was the successful candidate for the Sumter County Council, District 7, seat in the November 3, 1992, general election. The Sumter County Board of Canvassers certified the following results from the election: John A. Watt, Jr. -2,020 votes, Bennie Brogdon - 1,648 votes.

The Appellant timely filed a written protest alleging numerous irregularities. On November 12, 1992, the County Board held a hearing on the protest and found that the number of votes in question would not have affected the outcome of the election and denied the protest. The Appellant timely filed an appeal of the decision to this Board.

An appeal hearing was held before this Board on November 20, 1992. The Board reviewed the record and allowed limited additional testimony from the Appellant and the Sumter County Director of Elections, Kimberly Dault.

The Protestant, who is now the Appellant, has the burden of proof in an election protest. As was stated in Fielding v. South Carolina Election Commission, 408 S.E.2d 232 (1991).

(e)very reasonable presumption in favor of sustaining a contested election will be employed and irregularities which do not appear to have affected the result of the election will not be allowed to overturn it.

Further, this Board must follow the case law established in Hill v. South Carolina Election Commission 304 S. C. 150 (1991). In Hill the South Carolina Supreme Court determined that the misidentification of voters on the registration lists could have been discovered prior to the election and that the candidate could have challenged the voting irregularities and ballots on election day at the precinct.

The Appellant has failed to meet the burden of proving that any votes were put in question by the voting irregularities, and further, the Appellant failed to timely challenge the irregularities.

Accordingly, the decision of the Sumter County Board of Canvassers is upheld.

This matter is before the Board on appeal from the decision of the Sumter County Board of Canvassers to honor the protest of the individual Respondents and to require a new election for the office of Sumter County School District #2, Seats 2, 3, and 5.

The Respondent, Muller and Reagan were the unsuccessful candidates for Seat 2. The Appellant, Kilgore was the winner of Seat 2. The Sumter County Board of Canvassers reported the following vote totals for Seat 2: Kilgore 248 votes, Muller 218 votes and Reagan 225 votes.

The Respondents, Jackson was the unsuccessful candidate for Seat 5. The Appellant, Robinson was the winner of Seat 5. The Sumter County Board of Canvassers reported the following vote totals for Seat 5: Robinson 431 votes and Jackson 198 votes.

The Respondents, Muller, Reagan and Jackson timely filed a protest of Seats 2, 3 and 5. On November 12, 1992 the Sumter County Board of Canvassers held a combined hearing on the protests. The County Board granted the protests and ordered a new election for Seats 2, 3 and 5. The Appellants, Kilgore, Robinson, and Kyler, timely filed an appeal of the decision to this Board.

An appeal hearing was held before this Board on November 23, 1992. The appeal was based on the record below. The basis of the protest was the misidentification of district lines and voters and the lack of preclearance of the district lines by the U. S. Department of Justice.

The Protestants, who are now the Respondents, Muller, Reagan and Jackson have the burden of proof in an election protest. As was stated in Fielding v. South Carolina Election Commission, 408 S.E.2d 232 (1991).

(e)very reasonable presumption in favor of sustaining a contested election will be employed and irregularities which do not appear to have affected the result of the election will not be allowed to overturn it.

Additionally, an election will not be overturned unless the errors would affect the outcome of the election. Drawdy, supra, at 421; State v. Ham, 275 S.C. 369, 373, 271 S.E.2d 316 (1980).

Further, this Board must follow the case law established in Hill v. South Carolina Election Commission 304 S. C. 150 (1991). In Hill the South Carolina Supreme Court determined that the misidentification of voters on the registration lists could have been discovered prior to the election and that the candidate could have challenged the voting irregularities and ballots on election day at the precinct.

As to Seats 2 and 5, the Board finds that the irregularities alleged are of such a nature as could be discovered prior to the ballots being cast on election day and, therefore, the failure of Respondents Muller, Reagen and Jackson to challenge the irregularities bars them from the relief they seek.

As to Seat 3, this Board finds that the Respondents were candidates for Seats 2 and 5 and not candidates for Seat 3. Therefore, the County Board should have dismissed the protest as to Seat 3 for lack of standing.

Accordingly, the decision of the Sumter County Board of Canvassers is reversed and the Appellant, Elizabeth Kilgore, is declared the duly elected candidate for Seat 2; Elizabeth Kyler is declared the duly elected candidate for Seat 3; and the Appellant, Roland Robinson, is the duly elected candidate for Seat 5.

This matter is before the Board on appeal from the decision of the Charleston County Board of Canvassers to honor the protest of the Respondent, Hattie Siegel, and to require a new election for the three seats on the James Island Public Service District Board.

Four candidates qualified to run for the three seats on the James Island Public Service District Board. All three of the Appellants were the successful candidates in the November 3, 1992, general election. The Charleston County Board of Canvassers certified the following results for each candidate: Jack Bryant 4,015 votes, C. L. Campbell 4,240, George Flynn 3,587, Hattie Siegel 2,560. The Respondent Siegel timely filed a written protest of the election. On November 12, 1992, the Charleston County Board of Canvassers held a hearing on the protest. The County Board, citing evidence of mistakes in the books and poll manager conduct, found a sufficient number of votes in question that would have changed the outcome of the election and ordered a new election. The Appellants timely filed an appeal of that decision to this Board.

An appeal hearing was held before this Board on November 30, 1992. The appeal was heard based on the record below.

The Appellants argued that the Respondent Siegel failed to meet the burden of proof in presenting evidence that would have shown a number of votes in question that would have made a difference in the outcome. The Appellants further argued that in accordance with Hill v. South Carolina Election Commission, 304 S.C. 150 (1991) the protest should have been dismissed because the Respondent Siegel could have discovered the mistakes in the registration lists prior to the election and failed to challenge the misidentified voters. The Respondent Siegel argued that the registration books either failed to identify or incorrectly identified a sufficient number of voters. As a result, the Respondent Siegel doubted the fairness of the election.

The Protestant, who is now the Respondent, Hattie Siegel, has the burden of proof in an election protest. As was stated in Fielding v. South Carolina Election Commission, 408 S.E.2d 232 (1991).

(e)very reasonable presumption in favor of sustaining a contested election will be employed and irregularities which do not appear to have affected the result of the election will not be allowed to overturn it.

Additionally, an election will not be overturned unless the errors would affect the outcome of the election. Drawdy, supra, at 421; State v. Ham, 275 S.C. 369, 373, 271 S.E.2d 316 (1980).

Further, this Board must follow the case law established in Hill v. South Carolina Election Commission 304 S. C. 150 (1991). In Hill the South Carolina Supreme Court determined that the misidentification of voters on the registration lists could have been discovered prior to the election and that the candidate could have challenged the voting irregularities and ballots on election day at the precinct.

All parties admit that mistakes were made in the conduct of this election. However, this Board finds that the Respondent Siegel has failed to meet the required burden of proof and that the misidentification of voters could have been discovered prior to the election.

Accordingly, the decision of the Charleston County Board of Canvassers is reversed and the Appellants, Campbell, Flynn, and Bryant are declared the duly elected candidates for the three seats on the James Island Public Service District Board.

STATE OF SOUTH CAROLINA
BEFORE THE BOARD OF STATE CANVASSERS

Redell S. Fields,)
Appellant,)
vs.) ORDER
Nathel Ricky Kennedy,)
and Colleton County Board)
of Canvassers,)
Respondents)

This matter is before the Board on appeal from the decision of the Colleton County Board of Canvassers to honor the protest of Respondent Kennedy and to require a new election for the office of Colleton County School Board, District 5.

Appellant was the successful candidate for the District 5 seat in the November 3, 1992 general election. The Colleton County Board of Canvassers reported that the Appellant received 369 votes and Respondent Kennedy received 368 votes. On November 9, 1992, Kennedy filed a protest of the election and alleged voting irregularities in Walterboro Precinct 3. On November 12, 1992, the Colleton County Board of Canvassers held a hearing on the protest. The County Board found that a substantial number of voters in Walterboro Precinct 3 were not allowed to vote in the proper school board district because of confusion as to the district lines and ordered a new election. The Appellant timely filed an appeal of the decision to this Board.

An appeal hearing was held before this Board on November 20, 1992. The Board reviewed the record and allowed limited additional testimony from both parties. Kennedy argued that a substantial number of voters in District 7 were allowed or directed to vote in District 5 and voters in District 5 were allowed or directed to vote in District 7. The Appellant argued that the evidence presented by Kennedy was insufficient and could not be substantiated. The Director of the Colleton County Board of Voter Registration, Annie S. Strickland, testified that due to redistricting, a substantial number of voters were misidentified on the voter registration lists but that the poll managers were instructed to allow any voter who proved (s)he was misidentified to vote in the correct district. Ms. Strickland also testified that there were no challenged ballots in this election.

The Protestant, who is now the Respondent Kennedy, has the burden of proof in an election protest. As was stated in Fielding v. South Carolina Election Commission, 408 S.E.2d 232 (1991).

(e) very reasonable presumption in favor of sustaining a contested election will be employed and irregularities which do not appear to have affected the result of the election will not be allowed to overturn it.

See also Berry v. Spigner, 226 S.C. 183, 189, 84 S.E.2d 381 (1954); Drawdy v. South Carolina Democratic Executive Comm., 271 S.C. 415, 417, 247 S.E.2d 806 (1978).

Additionally, an election will not be overturned unless the errors would affect the outcome of the election. Drawdy, supra, at 421; State v. Ham, 275 S.C. 369, 373, 271 S.E.2d 316 (1980).

Further, this Board must follow the case law established in Hill v. South Carolina Election Commission 304 S. C. 150 (1991). In Hill the South Carolina Supreme Court determined that the misidentification of voters on the registration lists could have been discovered prior to the election and that the candidate could have challenged the voting irregularities and ballots on election day at the precinct.

Even though the Board is concerned that the Hill decision may place an unrealistic burden on candidates, we are bound by the Supreme Court's ruling. Accordingly, the Respondent Kennedy could have discovered the misidentification of voters on the registration list prior to the election. In addition, the record reflects there were no challenged ballots in this election.

Therefore, the decision of the Colleton County Board of Canvassers is reversed and the Appellant, Redell S. Fields, is declared the duly elected candidate for the office of Colleton County School Board District 5.

Regarding the cited irregularities, this Board appreciates the tireless efforts of the Colleton County Voter Registration Board to identify the various districts in which voters reside. However, the Board is very concerned that so many voters were misidentified and therefore directs the county registration board to expedite the review of the registration lists and correctly place the voters in the proper district.

STATE OF SOUTH CAROLINA
BEFORE THE BOARD OF STATE CANVASSERS

The Protestant, Norman E. Fogle, was a candidate for the South Carolina House of Representatives District 96 (Lexington and Orangeburg) in the November 3, 1992, general election. Elsie Rast Stuart was his opponent. The Board of State Canvassers met on November 12, 1992, to canvass the votes and to declare the results. Certified copies of the statements of the votes made by the Lexington County and Orangeburg County Boards of Canvassers indicated the total number of votes for each candidate as follows: Fogle - 5,192, Stuart - 5,288. As the difference between the two vote totals was less than one percent of the total votes cast for this office, a mandatory recount was required. S. C. Code Ann. Sec. 7-17-280 (1991 Supp) Following the recount, the vote totals for the two candidates were as follows: Fogle - 5,193, Stuart - 5,285, a difference of 92 votes.

On November 20, 1992, the Protestant timely filed a protest. The State Board heard the protest on November 25, 1992.

The Protestant alleged certain voter irregularities in the East Springfield precinct in Orangeburg County. East Springfield is a split precinct with some voters in House District 96 and the remaining voters in House District 86. The poll workers in East Springfield were provided with 400 ballots for the House District 96 race and 250 ballots for the House District 86 race. Disregarding proper procedure, the poll workers provided the first 400 voters with House District 96 ballots without regard to the district in which they were registered. The last 48 votes were provided with House District 86 ballots without regard to the district in which they were eligible to vote.

It is well-established that an election is presumed valid, and should only be overturned if voting irregularities occurred in such numbers as to be capable of affecting the outcome of the election. Berry v. Spigner, 84 S.E.2d 381 (1954). Moreover, the possible effect on election results must be shown with certainty; an election may not be overturned on the basis of speculation or conjecture. Fielding v. South Carolina Election Commission, 408 S.E.2d 232 (1991).

In the Fielding case and in Hill vs. South Carolina Election Commission 304 S.C. 150 (1991), the Supreme Court emphasized the importance of the requirement that, whenever possible, challenges to voting irregularities must be made on election day at the precinct. The Supreme Court explained the requirement as follows:

The making of a challenge is essential to the preservation of an adequate record upon which appellate review can be had.

Fielding, 408 S.E.2d 232, 235.

In the Hill case, the requirement of a timely challenge was emphasized in circumstances very similar to those alleged by the Protestant. The Supreme Court summarized the problem as follows:

The crux of his (Hill's) protest was that in two (2) precincts, there were more ballots cast for the District 3 Seat than there were District 3 voters indicated on the voter registration list for those precincts.

Hill, 304 S.C. 150, 151.

However, no challenges were made based on the discrepancy at the time when the ballots were issued.

The Supreme Court held that it was improper to order a new election on the basis of discrepancies between the poll list and the number of votes cast in the precinct because the candidate had failed to timely raise the issues through a challenge at the precinct level. Id. The court explained:

The discrepancies between the district where a voter actually resided and the district designation on the voter registration list could have been discovered prior to the election. Further, we see no reason why a challenge could not have been made at the time a voter was given a ballot for a different district than the one which appeared on the registration list.

Hill, 304 S.C. 150, 152.

The holdings in the Fielding and Hill cases are directly applicable to the case in hand.

The Board finds that the irregularities alleged are of such a nature as could be discovered prior to the ballots being cast on election day and, therefore, the Protestant's failure to challenge the irregularities alleged bar him from the relief he seeks here. It is distressing that no voters in the precinct complained of being given the wrong ballot.

Accordingly, the protest is denied and the Respondent, Elsie Rast Stuart, is declared the duly elected candidate for the office of South Carolina House of Representatives, District 96.

ORDER

The Protestant, Jim S. Wingo, was a candidate for the South Carolina Senate District 3 (Anderson County) in the November 3, 1992 general election. Bob Waldrep was his opponent. The Board of State Canvassers met on November 12, 1992, to canvass the votes and to declare the results. Certified copies of the statements of the votes made by the Anderson County Board of Canvassers indicated the number of votes for each candidate as follows: Jim S. Wingo - 12,753, Bob Waldrep - 13,004. As the difference between the two vote totals was less than one percent of the total votes cast for this office, a mandatory recount was required. S. C. Code Ann. Sec. 7-17-280 (1991 Supp) Following the recount the vote totals for the two candidates were as follows: Jim S. Wingo - 12,752, Bob Waldrep - 13,004, a difference of 252 votes.

On November 18, 1992, the Protestant timely filed a protest. The State Board heard the protest on November 25, 1992.

FINDING OF FACT

The Protestant filed a protest which alleged that voters were allowed to vote the wrong ballots in four split precincts. The Protestant produced a list of names of sixty registered voters who were misidentified on the voter registration lists. The protest also alleged that even though sufficient ballots were ordered for all precincts, at least five precincts requested additional ballots and that the "Managers Return of Ballots" forms were incorrectly filled out making it impossible to determine how many ballots were voted and how many ballots were not voted.

The Board heard the testimony of several witnesses including the testimony of the Anderson County Director of Registration and Elections, Elizabeth Millwood. Ms. Millwood testified that her office had confirmed that sixty people were misidentified on the voter registration list. She further testified that, some precincts requested and were given additional ballots, but the additional ballots were not used and the ballots were all accounted for. No evidence of any challenged ballots was introduced.

The Protestant has the burden of proof in an election protest. As was stated in Fielding v. South Carolina Election Commission, 408 S.E.2d 232 (1991).

(e)very reasonable presumption in favor of sustaining a contested election will be employed and irregularities which do not appear to have affected the result of the election will not be allowed to overturn it.

Additionally, an election will not be overturned unless the errors would affect the outcome of the election. Drawdy, supra, at 421; State v. Ham, 275 S.C. 369, 373, 271 S.E.2d 316 (1980).

Further, this Board must follow the case law established in Hill v. South Carolina Election Commission 304 S. C. 150 (1991). In Hill the South Carolina Supreme Court determined that the misidentification of voters on the registration lists could have been discovered prior to the election and that the candidate could have challenged the voting irregularities and ballots on election day at the precinct.

This Board finds that the Protestant has failed to meet the required burden of proof to establish a sufficient number of voting irregularities that are capable of affecting the outcome of the election. Further, the Protestant could have discovered the misidentification of voters prior to the election and challenged the ballots of those voters but failed to do so.

Accordingly, the protest is denied and the Respondent, Bob Waldrep, is declared the duly elected candidate for the office of South Carolina Senate District 3.

EX PARTE:)
William G. "Bill" Bates,)
PROTESTANT,)
IN RE:)
SOUTH CAROLINA SENATE DISTRICT)
FOUR (4) Election of November)
3, 1992.)
_____)

O R D E R

The Protestant, William G. "Bill" Bates was a candidate for South Carolina Senate District 4 in the November 3, 1992 general election. William H. O'Dell was declared the winner of that election following a recount. The recount was mandated because the vote totals following the election were 11,667 for Mr. Bates and 11,722 for Senator O'Dell. As the difference between the two vote totals was less than one percent of the total votes cast for this office, a mandatory recount was required. S.C. Code Ann. §7-17-280 (1991 Supp). Following the recount the vote totals for the two candidates were 11,668 for Mr. Bates and 11,752 for Senator O'Dell, a difference of eighty-four (84) votes. The election was protested to the Board of State Canvassers with a request that a new election be held. See S.C. Code Ann. §7-17-260 (1976). The State Board heard the protest on November 30, 1992.

FINDINGS OF FACT

The Protestant filed a protest which primarily raised questions regarding persons who were registered in the wrong district. Additional grounds raised were the possibility of

a overvote in certain precincts and a question regarding the casting and counting of certain challenged ballots. The Protestant questions overvotes and undervotes in seven precincts.

This Board takes notice of the fact that in every election there may be less votes cast in a race than persons eligible to vote in that race because people choose not to vote in a particular race. There may also be more votes cast in a race than persons who appear to be eligible to vote in a particular race. This often occurs in precincts where the poll managers correct an incorrect designation of where the voter is entitled to vote and gives the voter the correct ballot.¹ Additionally, it quite often occurs that inadvertently some voters fail to sign the poll list. Of the fifty-seven (57) votes questioned by the Protestant in this category the vast majority of the votes were undervotes; ie, more people signing the poll list than actually casting a ballot in this one Senate race. Only eighteen (18) votes were overvotes, ie, more ballots cast in this Senate race than persons who signed the poll list.

An undervote does not on its face raise the question of fraud as not voting in races for which an elector is eligible to vote is a common and legal practice. Overvoting in a precinct raises more serious questions; however, there are

¹ The Board notes this occurs even though the proper procedure would be to have the voter cast a challenged ballot.

only eighteen overvotes cited. Eighteen votes would not affect the outcome of the election.

The Petitioner also listed as a ground of the protest whether thirty-one (31) absentee ballots had been properly counted. Twenty-one (21) of these votes involved absentee ballots which were brought in by a person other than the voter and the individual's authorization to do so was sealed inside the envelope. The authorization was there; therefore, the ballots substantially complied with the requirement of the statute and there was no reason, once opened, they should not have been counted. ² See S.C. Code Ann. §7-15-385 (1991 Supp). The remaining ten absentee ballots concerned whether proper procedures had been followed in the casting and counting of these ballots. The challenged ballots were considered by the Anderson County Board of Canvassers and counted. This Board was not presented with any new facts that would justify the setting aside of the County Board's determination.

The remaining issues raised by the Protestant all go to individual voters who were placed in the wrong Senate District and, therefore, voted in the wrong Senate race, also sometimes called an overvote. It is undisputed that the registration lists were available and prepared well in advance of the

election and that challenges to these voters were not made at the time of the election.

CONCLUSIONS OF LAW

The Protestant has the burden of proof in election protest. As was stated in Fielding v. South Carolina Election Commission, 305 S.C. 313, 408 S.E.2d 232 (1991).

[e]very reasonable presumption in favor of sustaining a contested election will be employed and irregularities or illegalities which do not appear to have affected the result of the election will not be allowed to overturn it.

See also Berry v. Spigner, 226 S.C. 183, 189, 84 S.E.2d 381 (1954); Drawdy v. South Carolina Democratic Executive Comm., 271 S.C. 415, 417, 247 S.E.2d 806 (1978).

Additionally, an election will not be overturned unless the errors would affect the outcome of the election. Drawdy, supra, at 421; State v. Ham, 275 S.C. 369, 373, 271 S.E.2d 316 (1980).

Perhaps the most important case that governs this protest is the decision of the South Carolina Supreme Court in Hill v. South Carolina Election Commission, 304 S.C. 150, 403 S.E.2d 309 (1991). In a very similar case to the present protest, an election was protested claiming an overvote in a county council race where people voted in a district where they did not actually reside. The Supreme Court found it was error for this Board to have ordered a new election when no challenge had been contemporaneously made to the ballots when they were cast.

The Court stated in part

... the discrepancies between the district where a voter actually resided and the district designation on the voter registration lists could have been discovered prior to the election. Further, we see no reason why a challenge could not have been made at the time a voter was given a ballot for a different district than the one which appeared on the registration list.

The reason for requiring a contemporaneous challenge to a ballot is made clear by the conclusion of a State Board that it could not assume that the forty persons identified as being registered to vote in the wrong district were all actually given correct ballots at the polls. Had a challenge been raised by Taylor at the time a ballot was dispensed, there would be no need to make assumptions of any kind, since the challenged ballot would have been segregated and a record made of the determination of the challenge.

Hill, supra, at 309-310. See also, Fielding, supra.

The same rationale utilized by the Court in Hill is applicable in this case. The registration lists were prepared well in advance of the election and the "... discrepancies between the district where a voter actually resided and the district designation on the voter registration list could have been discovered prior to the election." Hill, supra. No contemporaneous challenges based on the voter being in the wrong district were made at the election. Therefore, under the rationale of Hill the protest cannot be sustained.

Additionally, the Protestant has not proven the errors would have affected the outcome of the election. If every vote contested in these precincts and indicated at the hearing to be persons who voted in the wrong district were given to the Protestant they would amount to approximately sixty (60) votes. These are fewer votes than would affect the outcome of the election as there is a vote difference between the two candidates of eighty-four (84) votes.

CONCLUSION

For all the reasons set out above the protest of the Petitioner is hereby denied.

AND IT IS SO ORDERED.

STATE OF SOUTH CAROLINA
BEFORE THE BOARD OF STATE CANVASSERS

Douglas Greene,)
Appellant,)
vs.) ORDER
Lawana R. McKenzie,)
Respondent.)
In Re: Aiken County Council)
District 3 Seat)
April 27, 1993)

This matter is before the Board on appeal from the decision of the Aiken County Board of Canvassers to deny the protest of Appellant.

Appellant, Douglas Greene, was the unsuccessful candidate for the Aiken County Council, District 3 Seat in the April 27, 1993 election. The Aiken County Registration and Election Commission reported that the Appellant received 623 votes and the Respondent, Lawana R. McKenzie, received 628 votes. On May 3, 1993, the Appellant filed a protest of the election. The protest hearing was held by the Aiken County Board of Canvassers on May 6, 1993. The County Board determined that there was insufficient evidence of election law violations and denied the protest. The Appellant timely filed an appeal of the decision to this Board.

An appeal hearing was held before this Board on May 12, 1993. The Board reviewed the record and requested additional testimonies from Denton Johnson, Executive Director of the Aiken County Registration and Election Commission and Frances Pennington, staff assistant to Mr. Johnson.

The Appellant's written protest contained five grounds to overturn the election. Of the five grounds, two related to the allegations that approximately thirteen voters were not allowed to vote in District 3. The Appellant introduced the sworn affidavits of eleven voters who stated they were not allowed to vote in District 3. Appellant argued that at least thirteen voters went to the poll in their precincts to vote in District 3; that the poll managers challenged the voters qualifications to vote in District 3 based on their residence; that the voters insisted on voting in District 3; that the poll managers continued to refuse the voters the right to vote in District 3 and failed to issue the voters a challenged ballot; that as a result of the poll managers failure to issue the challenged

ballots, these voters were deprived of their right to vote in District 3; and that the number of votes in question could have affected the outcome of the election.

The record reflects that no challenged ballots were cast in District 3. The record also reflects that of the eleven voters who presented affidavits, not one of them testified at the hearing before the county Board. Consequently, this Board must rely on the affidavits and the record below. Unfortunately, the affidavits and the record reflect that all of these voters were challenged by the poll managers and each voter subsequently voted in the District they were told. There is no evidence that the voter, when challenged, refused to vote. There is no evidence that the voter, when challenged, insisted in voting in District 3 and were refused a challenged ballot.

The Appellant has failed to meet the burden of proof required to substantiate the allegations. Likewise, there is insufficient evidence to substantiate the remaining allegations or that the allegations, if proven, would have affected the outcome of the elections.

The Plaintiff has the burden of proof in an election protest. As was stated in Fielding v. South Carolina Election Commission, 408 S.E.2d 232 (1991).

(e)very reasonable presumption in favor of sustaining a contested election will be employed and irregularities which do not appear to have affected the result of the election will not be allowed to overturn it.

See also Berry v. Spigner, 226 S.C. 183, 189, 84 S.E.2d 381 (1954); Drawdy v. South Carolina Democratic Executive Comm., 271 S.C. 415, 417, 247 S.E.2d 806 (1978).

Additionally, an election will not be overturned unless the errors would affect the outcome of the election. Drawdy, supra, at 421; State v. Ham, 275 S.C. 369, 373, 271 S.E.2d 316 (1980).

The decision of the Aiken County Board of Canvassers is upheld and the Respondent, Lawana R. McKenzie, is declared the duly elected candidate for the office of Aiken County Council District 3.

AND, IT IS SO ORDERED.

Dissenting Opinion:

Having not concurred with the majority of the Commissioners, I am submitting the following dissenting opinion:

Based upon information presented to the S. C. Board of Canvassers, there were major flaws in the Aiken County Council District #3, County Council race held April 27, 1993. In my opinion, these flaws could have affected the outcome of this election.

The difference in the votes was only 5 votes. Mr. Green, the loser, received a total of 623 votes and Ms. McKenzie, the winner, received a total of 628.

During testimony, Mr. Green presented affidavits from eleven voters declaring that they went to precinct #59 with the intentions of voting in the County Council District #3 race. However, upon their arrival at the Precinct, the poll manager told these individuals that they did not reside in District #3. These voters were then told that they must vote in District #2.

Several days after the election, it was determined by the Aiken County Registration and Election Commission, that at least 6 of these voters did indeed live in District #3 where they had first attempted to vote. Of the remaining 5, the Aiken County Commission determined that 2 did not live in District #3. At the time of this hearing, no determination had been made as to the true residence of the remaining 3 voters.

The difference in the vote total was only 5 and we have evidence that at least 6 voters attempted to vote in District #3, but the poll managers would not allow them to vote in District #3. Following the directions of the poll managers, these 6 voters voted incorrectly in District #2. These 6 votes could have affected the outcome of the election.

Furthermore, it is my opinion that since there was some uncertainty and discussion as to the proper residency, before the ballot was cast, the poll manager should have offered a challenge ballot to these voters. Several of my fellow commissioners offer that the discussions between the poll managers and voters were not heated enough. They contend that these voters should have been more demanding. Again, I disagree. A poll manager is an authority figure with the power to have individuals removed from the precinct and arrested. Most voters are reluctant to incessantly argue with a poll manager. I do not believe that a voter has to be overbearing, boisterous or excessively aggressive, in order to be afforded all opportunities to vote freely, correctly and unmolested.

Therefore, because of the above discrepancies, I am not sure of the intent of the majority of the voters in Council District #3. Consequently, in my search for the truth I felt obligated to vote to grant the appeal and order a new election.

Every two years (odd-numbered years), the Executive Director deletes, from the roster of active registered voters, the name of any elector who has failed to vote in each of two consecutive State-wide General Elections and also failed to vote in any other election which might have been held in the precinct in which the voter is registered within the time period between the two General Elections. SC Code 7-3-20

Although voters' names are removed the active lists for failure to vote, their names are not removed from the Central Voter Registration System. These persons are still eligible voters if they have not moved outside their precinct. They may become active voters again by voting.

The reason for the fluctuation of number of registered voters each year is due to these deletions. Numbers also decrease due to death, moving out of the precinct, conviction of a felony or crime against the election laws. The number of voters listed in all reports is always the active number.
