@Gemini

Unleash your potential by combining **Gemini for Google Workspace**, your AI-powered assistant across the tools you know and love, with **Chromebook Plus,** devices powerful enough for advanced workflows, with generative AI features built in.

Gemini
for Google Workspace

Access generative AI at every part of your workflow with Gemini for Google Workspace and Chromebook Plus:

Smart writing

Add some wit to your words on any website or ChromeOS app with Help me write, powered by Gemini. Or use Gemini in Google Docs or Gmail for help generating feedback, creating assignments, or writing a recommendation letter.

Instant summaries

Quickly generate study guides and summarize research with the built-in* Gemini app on Chromebook Plus or access Gemini right from your browser.

Image generation

Let educators express themselves by creating custom desktop wallpaper on their Chromebook or with Gemini in Google Meet. Generate images with Gemini in Slides to help students visualize difficult concepts.

Secure AI

Create a more secure learning environment with admin controls for all generative AI features in ChromeOS. Rest assured Gemini provides enterprise-grade data protection with Google Workspace for Education Terms of Service.

* Ask your admin to install the Progressive Web App from the Admin console to get started.
