Preface		ix
Acknowledgments		xi
<b>PART I</b>	<b>UNDERSTANDING IMAGERY IN SPORT</b>	<b>1</b>
<b>CHAPTER 1</b>	<b>INTRODUCTION: THE POWER OF IMAGINATION</b>	<b>3</b>
	Power of Imagery	5
	Challenges, Theory, and Research on Imagery	8
<b>CHAPTER 2</b>	<b>DEFINITIONS: WHAT IS IMAGERY?</b>	<b>13</b>
	Definitions From Cognitive Psychology	14
	Definitions From Sport Psychology	16
	Working Definition of Sport Imagery	19
	Operational Definitions of Imagery Ability and Imagery Use	20
	Conceptualizations From Sport Psychology	21
	Conclusions	28
<b>CHAPTER 3</b>	<b>THEORIES: How DOES IMAGERY WORK?</b>	<b>29</b>
	Early Theories of Mental Practice	32
	Cognitive Theories of Imagery	38
	Psychological State Explanations	46
	Functional Equivalence and Neurophysiological Explanations	51
	Conclusions	55
<b>PART II</b>	<b>INVESTIGATING IMAGERY IN SPORT</b>	<b>57</b>
<b>CHAPTER 4</b>	<b>IMAGERY-ABILITY AND IMAGERY-USE ASSESSMENT</b>	<b>59</b>
	Components of Imagery Ability	60
	Classification of Imagery-Ability and Imagery-Use Measures	64
	Measures of Imagery Used in Sport Psychology	68
	Evidence Related to the Construct Validation of Imagery Measurement	85
	Conclusions	97

CHAPTER 5	IMAGERY RESEARCH	103	Flotation and Imagery	253
	Does Imagery Work?	104	Conclusions	266
	Which Factors Influence the Effectiveness of Imagery?	115	CHAPTER 11	INJURY REHABILITATION AND IMAGERY
	How Much Imagery Is Enough?	118		267
	Is Imagery Research in Its Own Little Dream World?	118		Role of Imagery in Rehabilitation
	Conclusions	120		268
CHAPTER 6	IMAGERY PERSPECTIVES	127		Use of Imagery in Rehabilitation
	Definitions of Imagery Modality and Imagery Perspectives	128		270
	Visual and Kinesthetic Imagery Research	132		Implications for Practice
	Internal and External Imagery Research	136		281
	Visual/Kinesthetic and Internal/External Imagery Research	150		Conclusions
	Conclusions	152		283
CHAPTER 7	PSYCHOPHYSIOLOGICAL RESEARCH ON IMAGERY	153	<b>PART IV</b>	<b>ADVANCING IMAGERY IN SPORT</b>
	Psychophysiological Measures	155		285
	Psychophysiological Research	160	CHAPTER 12	EXERCISE AND IMAGERY
	Conclusions	173		287
<b>PART III</b>	<b>APPLYING IMAGERY IN SPORT</b>	<b>175</b>		Theoretical Basis for Imagery Use in Exercise Settings
CHAPTER 8	STRATEGIES FOR APPLYING IMAGERY	177		289
	Overview of Imagery-Based Interventions	178		Research on Imagery and Exercise
	Key Components of an Imagery Training Program	183		291
	Applied Example	208		Applications of Imagery in Exercise Settings
	Conclusions	211		305
CHAPTER 9	USES FOR IMAGERY	213		Conclusions
	Uses of Imagery in the General Athletic Population	214		307
	Uses of Imagery in Special Athletic Populations	228	CHAPTER 13	FUTURE DIRECTIONS IN RESEARCH AND PRACTICE
	Conclusions	235		311
CHAPTER 10	TECHNICAL AIDS TO IMAGERY	237		Future Directions in Imagery Research
	Video Modeling and Imagery	238		312
	Biofeedback and Imagery in Sport	244		Future Directions in Imagery Practice
				323
				Conclusions
				333
