PART I. THEORY: NEW HORIZONS IN WELL-BEING RESEARCH

1. Toward New Directions in the Study of Well-Being among the Oldest Old
Leonard W. Poon and Jiska Cohen-Mansfield 3
2. From Ageless Self to Selfless Age: Toward a Theoretical Turn in Gerontological Understanding
Haim Hazan 11
3. The Pursuit of Happiness: Alternative Conceptions of Subjective Well-Being
Dov Shmotkin 27
4. The Shifting Baseline Theory of Well-Being: Lessons from across the Aging Spectrum
Jiska Cohen-Mansfield 46
5. The Model of Developmental Adaptation: Implications for Understanding Well-Being in Old-Old Age
Peter Martin, Neha Deshpande-Kamat, Leonard W. Poon, and Mary Ann Johnson 65

PART II. PARADISE LOST: BETWEEN TRAUMA AND HAPPINESS

6. Does Trauma Linger into Old-Old Age? Using the Holocaust Experience as a Paradigm 81
Dov Shmotkin, Amit Shrira, and Yuval Palgi
7. The Impact of Life Events on the Oldest Old 96
Peter Martin, Grace da Rosa, and Leonard W. Poon
8. Posttraumatic Stress Disorder and Its Treatment at Late Life 111
Lee Hyer and Catherine A. Yeager

PART III. PATHWAYS AND GATEKEEPERS: MODERATING, MEDIATING, AND PROXIMAL PROCESSES

9. Impact of Resources on Successful Adaptation among the Oldest Old 151
Maurice MacDonald and Jinmyoung Cho
10. Nutrition and Well-Being 171
Mary Ann Johnson, Dorothy Hausman, Peter Martin, Leonard W. Poon, Elisabeth Lilian Pia Sattler, and Adam Davey
11. Cognitive Functioning and Vitality among the Oldest Old: Implications for Well-Being 186
Jennifer A. Margrett, Benjamin T. Mast, Maria C. Isales, Leonard W. Poon, and Jiska Cohen-Mansfield
12. Social Relationships and Well-Being in Very Late Life 213
Howard Litwin
13. Spirituality and Religiosity Connections to Mental and Physical Health among the Oldest Old 227
Alex J. Bishop
14. The Impact of Leisure Activity and Innovation on the Well-Being of the Very Old 240
Galit Nimrod

PART IV. SIGNPOSTING PARADISE: MEASUREMENT OF WELL-BEING

15. Culture and Meaning: Strategies for Understanding the Well-Being of the Oldest Old 261
Christine L. Fry and Charlotte Ikels

16. The Will to Live as an Indicator of Well-Being and Predictor of Survival in Old Age <i>Sara Carmel</i>	281
17. The Measurement of Life Satisfaction and Happiness in Old-Old Age <i>Alex J. Bishop and Peter Martin</i>	290
18. Late-Life Psychotherapy: Challenges and Opportunities to Enhance Well-Being in the Oldest Old <i>Lee Hyer, Catherine A. Yeager, and Ciera V. Scott</i>	332
19. An Integrative Summary and Future Directions in the Study of Well-Being <i>Jiska Cohen-Mansfield and Leonard W. Poon</i>	364
<i>Index</i>	379

TABLES

4.1. Means and <i>t</i> -Tests/Analyses of Variance and Post Hoc Scheffe Tests Examining the Differences in Measures of Well-Being between Different Age Groups in the CALAS and IMAS Randomized National Samples of Community-Dwelling Self-Responding Participants	<i>page</i> 53
4.2. Quality-of-Life (QOL) Assessments for Older Persons	58
7.1. Most Important Events	99
7.2. Family Events in the Lives of Centenarians	101
7.3. Work, Retirement, and Financial Events	103
7.4. Miscellaneous Events	103
8.1. Treatment Model	133
8.2. The Five Steps of Cognitive Restructuring	135
8.3. Therapist Tasks in Trauma Exposure	137
9.1. Social and Economic Resources of Georgia Octogenarians and Centenarians	154
10.1. Depression, Appetite, Weight Change, Underweight, and Obesity in Octogenarians and Centenarians: Georgia Centenarian Study	175
10.2. Logistic Regression Analyses of Depression, Appetite, Weight Loss, Underweight, and Obesity: Georgia Centenarian Study	176
11.1. Theoretical Relation between Cognitive Health and Vitality	190
12.1. Network Type by Delineating Characteristics and Frequencies	216
12.2. Network Type by Age ($n = 2,079$) and Disability ($n = 2,065$) among Veteran Jewish Israelis Aged 60 and Older	217
12.3. The Likelihood of Engaging in Intergenerational Exchange (Odds Ratios): Binary Logistic Regressions of Time and Money Exchange	220

12.4.	Variables Associated with the Number of Depressive Symptoms on the Euro-D Depression Scale: OLS Linear Regression ($n = 1,817$)	221
13.1.	Summary of Hierarchical Regression Analyses for Longitudinal Predictor Variables of Religious Coping at Time 2	233
13.2.	Religious Coping at Time 1 Predicting Change in Health and Mental Health at Time 2	234
15.1.	Project AGE: Research Communities	264
15.2.	Project AGE: Methods	265
16.1.	Psychometric Characteristics of the Will to Live in Four Studies of Israeli Elderly People	284
17.1.	Summary of Original Reported Psychometric Properties of Subjective Well-Being Measures	294
