

## CONTENTS

Preface .....	xiii
Introduction: “The Ruins of Departed Greatness” .....	1
Technology and Change – But Progress? .....	1
Technologies Unsustainable without Expertise .....	3
Links between Technology and Culture .....	6
Classical Civilization: The Exception Not the Norm .....	11
Romanization .....	17
Learning about Asia Minor .....	19
Exploring, Recording, Writing .....	22
Preview of Conclusions .....	24

### SECTION ONE

#### TECHNOLOGIES IN THE EVOLVING LANDSCAPE

1. The Country and Its Travellers .....	31
A: The Country and Its Travellers .....	31
Asia Minor: A Little-Known Land .....	31
The Interior: Terra Incognita .....	35
Its Low Population .....	37
Industry and Idleness .....	38
A Non-Modern State .....	40
“Nothing is Ever Repaired in Turkey” .....	42
B: The Travellers and Technology .....	44
The Technology of Books, Catalogues and Education .....	45
Technological Backwardness .....	47
Lack of Charts and Roads .....	49
Continuing Dearth of Good Maps .....	50
Telescopes, Chronometers, Barometers and Cameras .....	53
The Firman: An Official <i>Laissez-Passer</i> .....	55
Welcoming Locals .....	58
Rushing Around Confusing Sites .....	58
Decadence and Reuse .....	60
Ten Green Bottles – Counting the Increase in Destruction ....	64
Brigands and Nomads .....	67

Disease .....	73
Smyrna: A Western Haven .....	73
2. Decline and Recycling of Ancient Settlements .....	81
Technological Decline .....	82
Earthquakes .....	86
Cities Abandoned for Villages .....	87
Cities Shrink into Villages .....	90
Monumental Survivals .....	94
Monumental Disappearances .....	97
A Site Which Survived: Hierapolis .....	99
Part-Survival: Ephesus and Sagalassos .....	101
Bursa: Ancient Town Obliterated by Rebuilding and Repairs ...	103
Stripping Ancient Sites .....	104
The Locals .....	105
Speedy Degradation of Sites .....	106
Agriculture and Antiquities .....	107
Making Sense of the Mess .....	109
Deforestation and Desertification .....	111
Site “Biographies” .....	112
Assos .....	112
Cyzicus .....	114
Laodicea on the Lycus .....	115
Nicomedia .....	116
Tarsus .....	119
Thyatira .....	120
Constantinople .....	121
Post-Byzantine Degradation .....	124
Technological Gap between Constantinople and Asia Minor ....	125
Conspicuous Theatres – Conspicuous Robbing .....	127
Tomb Terraces and Streets of Tombs .....	131
Standing Walls and the Dangers of Demolition .....	132
Lime-Kilns and the Depletion of Antiquities .....	134
Storks and Antiquities .....	136
Fortress-Building from Antiquities .....	136
3. Decline of the Road, Port and Transport Systems .....	147
Super-Technology and Roman Roads .....	148
Survival or Collapse of Roman Roads .....	149
When Did the Decline of Roman Roads Begin? .....	152

Disused Roman Roads, Crumbling Modern Roads .....	152
Using Roads in Asia Minor .....	155
Horse and Camels Confront Technologies Old and New .....	156
Transporting Antiquities in the Nineteenth Century .....	159
All-Weather Roads versus Railways .....	160
Water Essential for Transporting Heavy Objects .....	162
Antiquities, Modern Towns and Immigrants .....	166
Ancient Bridges in Anatolia .....	168
Repairing Ancient Bridges with Spolia .....	169
Nineteenth-Century Degradations of Justinian's Sangarius Bridge .....	174
Repairing Ancient Bridges with Wood .....	175
New Post-Antique Bridges .....	175
Milestones .....	176
Modern Roads, Poor Technology .....	177
Wheeled Traffic .....	179
Disused Ancient Ports on the West and South Coasts .....	180
Lack of Maintenance .....	186
Rivers and Pestilence .....	188
Reconstruction Projects .....	190
Quarries and Transport .....	191
Ancient Sites as Quarries .....	193
New Railways, Worse Roads? .....	196
 4. Waterworks: Aqueducts, Fountains and Baths .....	 201
The Roman Use of Water .....	201
Water in Post-Antique Asia Minor .....	203
Classical Baths and Moslem Hammans .....	205
Antiquities Built into Fountains .....	207
Fountains with Sarcophagi .....	208
Fountain-Basins with Other Antiquities .....	209
Using/Refurbishing Ancient Aqueducts, Constructing New Ones .....	214
Sites Without Running Water .....	225
Consequences of Broken Water Supplies .....	225
Side: Nomads and Kilns, but No Water .....	226
Cisterns Ancient and Modern .....	228
 5. Houses in Wood; Churches and Mosques in Marble .....	 233
Conflicting Traditions .....	233

Earthquakes Again .....	235
Hubris and Other Reasons .....	236
Disparities Between Ancient and Modern Technologies .....	237
Housing on Ancient Sites .....	238
Building in Wood .....	239
Building in Mud-Brick .....	240
Earth Roofs and Antiquities .....	241
Building with Antiquities .....	241
Antiquities for Structure or for Show? .....	243
Mosaic Floors .....	244
Building with Antiquities and Wood .....	245
Building with Antiquities and Mud-Brick .....	245
Churches and Mosques .....	247
Overview: Temples, Churches and Mosques .....	248
Churches .....	252
Mosques Beautified with Spolia .....	255
Population Fluctuations and Surviving Antiquities .....	258
6. The Locals: Attitudes to Antiquities .....	263
The Greek Spirit and Romanticism .....	264
Indifference .....	266
Valuing Antiquities, Distinguishing Stones .....	267
Superstition and Ignorance .....	271
“Mischievous” Destruction .....	274
Antiquities Laws and Museums .....	276

## SECTION TWO

## THE WESTERN IMPACT

7. The Demands of Modernity: Filching the Building-Blocks of the Ancient World .....	283
The Nineteenth-Century Building Surge and Its Consequences .....	283
Foreign Looting Shrinks: From Marble to Terracotta .....	284
Looting by Locals Intensifies .....	287
War: Armies Devour Antiquities .....	288
The Crimea .....	288
Ancient Columns and Gunpowder Projectiles .....	290
Ancient Columns into Projectiles .....	290
The Dardanelles Guns .....	291

Sources for Projectiles .....	292
Other Large Guns .....	293
Modern Nineteenth-Century Warships Encounter Marble Technology .....	293
Advantage, Turkey .....	294
Columns as Guns, Ammunition or Decoration .....	296
Buildings for the Modern State .....	296
Railways: The New Dawn .....	298
A New Dawn for Commerce .....	300
Clouds on the Horizon .....	301
Slow, Costly and Non-Commercial Railway-Building .....	302
Dangers of Foreign Technologies .....	302
Asia Minor as a Sideshow .....	303
Transport Over Drainage Technologies .....	303
Imports Before Local Production .....	304
Antiquities and Railways .....	304
Constantinople .....	307
Examples of Destruction by Railway .....	309
Archaeological Dilemmas: Excavation on the Cheap, Protocols versus Access .....	315
See and Export Antiquities More Quickly – by Railway .....	317
Railways for Prosperity – and Lime-Kilns .....	319
 8. Classical Inscriptions: Discovery, Reuse and Treasure-Hunting .....	 323
Epigraphy the Basis for Archaeological Study .....	323
The Importance of Inscriptions .....	324
Collecting Inscriptions .....	325
Locals and Epigraphers .....	330
Uncovering Inscriptions .....	332
Inscriptions in Re-Use .....	332
Wandering Stones and Site Identification .....	333
Stones Too Large to Wander Far? .....	334
Some Inscribed Bases Survive, But Not Their Statues .....	336
Re-Use and Reworking Antiquities for Cemeteries .....	338
Inscriptions and Hidden Treasure .....	339
Locals Built the Monuments .....	341
Foreigners Built the Monuments .....	341
Treasure in Columns at Sardis and Aezani .....	342
Funerary Antiquities and Treasure .....	345
Manuscripts .....	346

9. We Only Hear about Lord Elgin: Collecting	
Antiquities and Transporting Them Home .....	349
Access, Excavate, Export .....	349
Early Western Indifference to Antiquities .....	351
Taking Antiquities Home .....	352
Heavy Loads at Archaeological Sites .....	354
Ephesus .....	354
Halicarnassus .....	355
Xanthus .....	356
Cnidus: The Lion Monument .....	357
Heavy Sarcophagi .....	358
Gravity Wins .....	359
Naval Technologies in the Service of Antiquities .....	359
Dangers of Sea Transport .....	361
Halicarnassus: A Fortress from the Mausoleum .....	362
The Site .....	362
The Monument .....	362
The Firman .....	363
Technology and the Turks .....	364
Pergamon: Antiquities Recovered from a Byzantine Wall .....	365
10. Tourism Meets Modernity in Asia Minor .....	369
Doing the Sights at Speed .....	370
Ephesus Attracts Tourists .....	371
A Chip Off the Old Block: Kiln-Fodder or Souvenirs? .....	372
Destruction of the Seljuk Walls of Konya .....	374
Building the Walls .....	374
Documenting the Walls .....	375
Destroying the Walls .....	376
Amasra, Ankara and Bursa .....	379
Modernity for Tourists and Locals .....	381
Conclusion .....	385
Bibliography .....	391
Source Works .....	391
Modern Scholarship .....	413
Index .....	433
Illustrations
