#### 15. Why am I being double charged in my first (1<sup>st</sup>) bill with the Smart Home Packs/devices subscription?

a. Smart Home Pack subscription:

You may find that there are two (2) item charges for Smart Home Pack subscription as the charges for the device are not prorated (charges from the subscription date and one-month advance fee)

A sample of scenario for Smart Home Starter Pack at RM16/month:

- Bill for month 1: you will see RM16 (month 1) + RM16 (month 2) charged in the bill
- Bill for month 2 until month 23: you will see RM16 being charged in the bill each month

Worry not, you will still be charged for 24 times only in total as per your contract period.

The charges are based on the number of calendar months, so you may refer to "Start Date" and "End Date" for the actual period.

b. Smart Home a la carte devices subscription:

You may find that your One-Time Charge fee is split into two (2) but charged at the full amount in total.

A sample of scenario for Smart Home device price at RM69/device:

- Bill for month 1: you will see RM34.50 + RM34.50 charged in the bill
- Fret not, in total you will be charged for RM69 only.
