OCTOBER 24, 1918

CARMEL-BY-THE-SEA, CAL.

VOL. IV, NUM. 38

Carmel Twice Over the Top

And It Was Done Without Coercion

The Six Billion Loan was a success.

The State of California oversubscribed its quota.

Monterey County oversubscribed its quota.

The Pine Cone's suggestion that Carmel-by-the-Sea endeavor to double its \$20,000 quota is an accomplished fact. We have subscribed \$40,000 and more.

On the morning of the last day of the drive we had purchased \$37,000 worth of bonds. All during the day sales of \$50 to \$500 were made, until at 5 p.m. we were safely and doubly over the top.

This money was subscribed here without coercion or threat and with little solicitation.

Of the total amount of bonds purchased by the residents of Carmel, \$11,000 was taken out at the Pine Cone office.

Our 100-per-cent flag was thrown to the breeze last Saturday. Now we demand anything that is coming to us for our 200-per-cent subscription. We might have a tank, or an airship, or a town in France, named Carmel. Whatever it is, we want it, and we look to our local committee to get it.

Mr. and Mrs. W. T. Kibbler went to the city last Saturday to attend the funeral of their nephew, Sergeant Frank Ordway, who died at Orden, on his way to France, a victim of influenza-pneumonia.

Mr. and Mrs. W. C. Riddle and family of Berkeley are here for a month's visit, and are occupying the McKibben cottage. Mr. Riddle is a member of the United States Bureau of Mines.

Eleanor Hicks, whom the flu bug found at Red Bluff, is recovering. Her mother was quite anxious for a few days.

George Seideneck is thinking of purchasing the property of former postmaster Payne here. Should he do so he will alter the dwelling and build a studio.

The Hawthorne family of Long Beach, who have property here, are expected in Carmel shortly, to remain some time.

Garnet Holme is a welcome visitor. Owing to the influenza in the bay cities, the bottom has dropped out of things in his line.

Miss Stella J. Guichard went to Ben Lomond on Saturday for a visit with her folks. She returned to the store Monday evening.

Mrs. Laura F. Turner, mother of John K. Turner, the writer, died at Anaheim, in southern California, early this month. She was well known here.

The Dr. Gilman property at Twelfth and Monte Verde has been sold to a Lincoln, Neb., family. The Duriees, who have occupied the place, have rented a cottage near the ocean.

It is said that artist Ferdinand Burgdorff is trying for an army commission at a training camp near San Francisco, so that his plan to paint here this Fall has probably been abandoned.

\$42, the November quote for Belgian Babies, has been sent to headquarters by Mrs. W. B. Canine. This makes a total of \$201 turned in since June 3.

Twenty-five families from Oakland, Berkeley, San Francisco, Palo Alto, San Jose, and other places have arrived in Carmel this week.

Owing to the prevalence of the Spanish influenza Prof. Preston W. Search's Eastern lecture trip, embracing appointments in many states, has been cancelled.

Frank Happ of Monterey, a young man highly esteemed here, passed away last Friday at Angel Island. He was ill only a short time, but pneumonia claimed him.

Local property owners began paying municipal taxes at the City Hall on Monday, and a considerable amount is already in.

Miss Katharine Cooke is down with the flu in San Francisco, but with the splendid care she is receiving, will soon be herself again.

Now that the bond drive is over the open season for office-seekers is on. The town is full of 'em this week.

The Congressional, State and County election takes place a week from next Tuesday. The election board here will be the same as at the primary, except that some citizens will be appointed in place of I. B. Waterbury. The voting place will be at the City Hall.

Mrs. Joseph Hitchcock and son Henry went to Dos Palos on Sunday to join Mr. Hitchcock, who is in the employ of the Miller & Lux cattle firm.

"Bob" McCabe, Pebble Beach manager for the P. L. Co., came back from San Francisco a very sick man, but a few days in a Monterey hospital put him in the O.K. class.

Miss E. C. Fortune, who spent several months on the Peninsula this summer, has an exhibition of eighteen of her paintings in a San Francisco gallery.

Miss Grace Rodgers and Mrs. R. C. Coil, both of Watsonville, are here for a fortnight, occupying the Dr. Harrison bungalow.

A Clean Bill of Health

Carmel is a pretty good place to reside in, to visit in, or to do anything else that is good.

The following is from the Monterey Cypress:

JUST AN OUNCE OF PREVENTION

Carmel is one of the fortunate communities that have escaped the Spanish influenza. There is not a case in that town. Two weeks ago, when the disease began to show itself in other cities, places of public gathering in Carmel were voluntarily closed.

Later, the Board of Health passed a resolution that, inasmuch as the School Trustees had closed the public school, the school remain closed. There is no town quarantine, no inspection of incoming persons, and no foolish regulations of any kind.

WEEKLY GREETING

A work that requires no sacrifice does not count for much in fulfilling God's plans. But what is commonly called sacrifice is the best, happiest use of one's self and one's resources.
—Samuel Chapman Armstrong.

Red Cross Notes

"Will you please get me another bucket of water?" asked a woman of an officer who had knocked over her scrubbing water in a London hospital. "Madam, I am an officer," replied the man. "I beg your pardon," said the woman, "I am only a Duchess."

As soon as the Pacific Division receives from chapters the soldier quotas, the Xmas boxes will be sent out. It is necessary that boxes reach chapters not later than November 1, so all possible haste should be made in ascertaining the number of enlisted men in each territory. Only holders of Xmas Parcel Labels, which the soldiers are to send home, will be given a box or allowed to send a package.

Later:—The boxes, measuring 3x4x9 inches, have arrived here.

With influenza in epidemic form prevalent in the Pacific Division, the Red Cross faces a civilian as well as a military emergency. The call for women with any kind of nursing experience, and those who will go into households and take charge of sick families, are sadly needed. All who desire to render this service are directed to the nearest Red Cross headquarters.

"Before You Go" is the title of a book which the Home Service sections will distribute. It contains a carefully grouped list of matters which the enlisted man should discuss with his family before he departs on the Great Adventure.

Funds raised by American children will finance the France American Children's Hospital at Bordeaux, built by the Red Cross.

To Friends and Supporters

You may wonder why I have not called upon you with reference to my candidacy for Justice of the Peace.

I want to assure you that it is not because I am not earnestly requesting support for my re-election, but that during this Fourth Liberty Loan drive I felt that all energies should be devoted to that.

Furthermore, I have been building court for Justice Wallace of Alisal Township, at Salinas, who is in the East visiting his son, who is about to leave for France with the army. Ernest Michaelis

Still It Grows

The local "Home Paper Fund" continues to grow. The total subscribed has reached \$8.25—which pays for five yearly and one six months' subscription to the Pine Cone. A number of Carmel boys in the military service are still without the home paper.

The following is from one of the "subscribers":
Mr. W. L. Overstreet,
Editor, Carmel Pine Cone.
My dear sir:

I am writing to express my appreciation of the best and most welcome newspaper to me that comes into camp. I find it most interesting. I am always glad to get news from the home town.
Thanks for the Pine Cone.

A Worthy Candidate

C. C. Baker, of Salinas, one of the candidates nominated at the recent primary for District Attorney, was a Carmel visitor a few days ago.

Mr. Baker's life is typical of the self-made man. To obtain means to gain his professional education he began in his eleventh year to labor on the farm, in railroad construction, in the timber. He realized his ambition, and graduated from the law department of Stanford University. Shortly after, he hung out his shingle in Salinas, and quickly won the confidence and esteem of the people. He has been active in civic affairs, and recently has worked hard and long with the Ex-minion Board, in the Red Cross, and for the Liberty Loans.

Mr. Baker has made no promises as to appointments. He makes this pledge, however: If elected he will conduct the office economically, and will enforce the law impartially. adv

THE 'ENDLESS LINE' ROLLS ON AND ON

Here are American troops, blanket rolls on backs, rifles in hand, debarking in England from the transport on which they made a safe journey from some "Atlantic Port".

So continuously do American soldiers pass through villages of south-eastern England, en route from some British or Scotch port where they have left their ships to some channel port to complete their voyage to France on the small cross-channel steamers, that the residents call it the "endless line".

U. S. Food Administration

OBEY ORDERS!

NEW FOOD CARD FOR EVERY HOME

Ten thousand women volunteers, wearing the shield of the United States Food Administration, in the next few weeks, will distribute the new conservation "Home Cards" to more than 650,000 California homes.

The new "Home Cards" bear the enlarged conservation program for this year in detail, and set forth definitely the duties of each family and member thereof in saving the 17,500,000 tons of foodstuffs which America must send to her fighting men and to the Allies before June 30th, next.

Danger lies in relaxation of effort in food saving, and our victories do not increase our available food supplies. We are pledged to export 5,000,000 tons more than last year, and this extra tonnage must be conserved in the homes, a task which will require unceasing and vigilant conservation.

On each individual, and particularly on the woman in the home, rests the responsibility of saving food to meet the needs of the Allies.

BUY VICTORY MIXED FLOUR

The Food Administration particularly urges housewives to use Victory Mixed flour, which all grocers have been instructed to carry in stock.

Use of the Victory Mixed flour will save time, labor and inconvenience, and the waste incidental to mixing straight wheat flour with the necessary substitutes. No substitutes need be purchased when Victory Mixed flour is bought. It will be found that Victory Mixed flour will prove most satisfactory when used according to recipes calling for straight flour.

LOWER PRICE FOR CREAM

Milk distributors of San Francisco and the bay cities have materially reduced the price on sweet cream. Quarter pints have been reduced two cents and half pints four cents.

The decrease followed the Food Administration's recent order prohibiting distributors from selling sweet cream containing more than 20 per cent butter fat for household, restaurant or other uses.

Los Angeles, as one of the big distributing centers, has indicated that a new downward scale of prices will be put into effect.

The new prices in San Francisco and vicinity, and elsewhere, will be subject monthly to slight advance or decline according to the advance or decline of the butter market, as butter is the basis of cream values.

There is a bright side to this sugar shortage which has reduced our ration to a maximum of three teaspoonfuls a day for table use.

We thought we needed sugar to make our food taste the way it should.

Now that we have not more than two pounds of sugar per person each month, we have been forced to develop our tastes in other directions. It has taken only a few short weeks for us to realize what delicious flavors we had missed.

Airplane Work for Cotton Mills.

Cotton mills in Lancashire, Eng., are to be turned over to the manufacture of airplanes to alleviate distress in that district resulting from dismissals consequent upon shortage of cotton supplies.
