

JACKSONVILLE: FOR A MEETING OUT OF THE ORDINARY.

Whether you're planning an intimate retreat or large-scale tradeshow, Jacksonville has the space and services for you. Our warm and welcoming spirit gives way to white-sand beaches, award-winning restaurants, endless outdoor activities, and historic and flexible venue space.

Perfectly positioned along the Atlantic Coast in Northeast Florida, Jacksonville is the ideal destination with year-round sunshine and delightful weather, the largest urban park system in the nation and a nationally recognized art scene.

Jacksonville is the most affordable meeting city in the state of Florida and can often accommodate tight schedules and budgets. We're a smaller, unique destination with all the perks of a big city visitors bureau.

That combination means more individualized attention for meeting planners.
