

## Sustainable Development Goals in UN Environment

### Notes:

- Below is a list of the 17 SDGs and the environment related targets as listed on the UN Environment website – <http://web.unep.org/unea/environmental-dimension-sdgs>
- Text highlighted in green show the 30 indicators that UN Environment is taking a lead on. On areas not directly related to the environment, UN Environment is working with other agencies
- It should be noted that information is subject to change as this is an ongoing process. Indicators are based on an official list circulated by the IAEG-SDGs on 24 March 2016.

Target No	Target	Indicator No.	Indicator	Links
<b>GOAL 1: End poverty in all its forms everywhere</b>				
1.5	By 2030, build the resilience of the poor and those in vulnerable situations and reduce their exposure and vulnerability to climate-related extreme events and other economic, social and environmental shocks and disasters	1.5.1	Number of deaths, missing persons and persons affected by disaster per 100,000 people [a]	Poverty reduction and the environment  <a href="http://web.unep.org/post2015/sdg01.php">http://web.unep.org/post2015/sdg01.php</a>
		1.5.2	Direct disaster economic loss in relation to global gross domestic product (GDP) [a]	
		1.5.3	Number of countries with national and local disaster risk reduction strategies[a]	
<b>GOAL 2: End hunger, achieve food security and improved nutrition and promote sustainable agriculture</b>				
2.4	By 2030, ensure sustainable food production systems and implement resilient agricultural practices that increase productivity and production, that help maintain ecosystems, that strengthen capacity for adaptation to climate change, extreme weather, drought, flooding and other disasters and that progressively improve land and soil quality	2.4.1	Proportion of agricultural area under productive and sustainable agriculture	Food, nutrition security and environment  <a href="http://web.unep.org/post2015/sdg02.php">http://web.unep.org/post2015/sdg02.php</a>
2.5	By 2020, maintain the genetic diversity of seeds, cultivated plants and farmed and domesticated animals and their related wild species, including through soundly managed and diversified seed and plant banks at the national, regional and international levels, and promote access to and fair and equitable sharing of benefits arising from the utilization of genetic resources and associated traditional knowledge, as internationally agreed	2.5.1	Number of plant and animal genetic resources for food and agriculture secured in either medium or long-term conservation facilities	
		2.5.2	Proportion of local breeds classified as being at risk, not-at-risk or at unknown level of risk of extinction	
<b>GOAL 3: Ensure healthy lives and promote well-being for all at all ages</b>				
3.9	By 2030, substantially reduce the number of deaths and illnesses from hazardous chemicals and air, water and soil pollution and contamination	3.9.1	Mortality rate attributed to household and ambient air pollution	Health and Environment  <a href="http://web.unep.org/post2015/sdg03.php">http://web.unep.org/post2015/sdg03.php</a>
		3.9.2	Mortality rate attributed to unsafe water, unsafe sanitation and lack of hygiene (exposure to unsafe Water, Sanitation and Hygiene for All (WASH) services)	
		3.9.3	Mortality rate attributed to unintentional poisoning	
<b>GOAL 4: Ensure inclusive and equitable quality education and promote lifelong learning opportunities for all</b>				
4.7	By 2030, ensure that all learners acquire the knowledge and skills needed to promote sustainable development, including, among others, through education for sustainable development and sustainable lifestyles, human rights, gender equality, promotion of a culture of peace and non-violence, global citizenship and appreciation of cultural diversity and of culture's contribution to sustainable development.		Extent to which (i) global citizenship education and (ii) education for sustainable development, including gender equality and human rights, are mainstreamed at all levels in: (a) national education policies, (b) curricula, (c) teacher education and (d) student assessment	Education and Environment  <a href="http://web.unep.org/post2015/sdg04.php">http://web.unep.org/post2015/sdg04.php</a>
<b>GOAL 5: Achieve gender equality and empower all women and girls</b>				

Target No	Target	Indicator No.	Indicator	Links
5.a	Undertake reforms to give women equal rights to economic resources, as well as access to ownership and control over land and other forms of property, financial services, inheritance and natural resources, in accordance with national laws.	5.a.1	(a) Proportion of total agricultural population with ownership or secure rights over agricultural land, by sex; and (b) share of women among owners or rights-bearers of agricultural land, by type of tenure	Gender Equality and Environment <a href="http://web.unep.org/post2015/sdg05.php">http://web.unep.org/post2015/sdg05.php</a>
<b>GOAL 6: Ensure availability and sustainable management of water and sanitation for all</b>				
6.1	By 2030, achieve universal and equitable access to safe and affordable drinking water for all	6.1.1	Proportion of population using safely managed drinking water services	Water, Sanitation and Environment <a href="http://web.unep.org/post2015/sdg06.php">http://web.unep.org/post2015/sdg06.php</a>
6.3	By 2030, improve water quality by reducing pollution, eliminating dumping and minimizing release of hazardous chemicals and materials, halving the proportion of untreated wastewater and substantially increasing recycling and safe reuse globally	6.3.1	Proportion of wastewater safely treated	
		6.3.2	Proportion of bodies of water with good ambient water quality	
6.4	By 2030, substantially increase water-use efficiency across all sectors and ensure sustainable withdrawals and supply of freshwater to address water scarcity and substantially reduce the number of people suffering from water scarcity	6.4.1	Change in water-use efficiency over time	
		6.4.2	Level of water stress: freshwater withdrawal as a proportion of available freshwater resources	
6.5	By 2030, implement integrated water resources management at all levels, including through transboundary cooperation as appropriate	6.5.1	Degree of integrated water resources management implementation (0-100)	
		6.5.2	Proportion of transboundary basin area with an operational arrangement for water cooperation	
6.6	By 2020, protect and restore water-related ecosystems, including mountains, forests, wetlands, rivers, aquifers and lakes	6.6.1	Change in the extent of water related ecosystems over time	
6.a	By 2030, expand international cooperation and capacity-building support to developing countries in water- and sanitation-related activities and programmes, including water harvesting, desalination, water efficiency, wastewater treatment, recycling and reuse technologies	6.a.1	Amount of water- and sanitation-related official development assistance that is part of a government-coordinated spending plan	
6.b	Support and strengthen the participation of local communities in improving water and sanitation management	6.b.1	Proportion of local administrative units with established and operational policies and procedures for participation of local communities in water and sanitation management	
<b>GOAL 7: Ensure access to affordable, reliable, sustainable and modern energy for all</b>				
7.1	By 2030, ensure universal access to affordable, reliable and modern energy services	7.1.1	Proportion of population with access to electricity	Access to Energy and Environment <a href="http://web.unep.org/post2015/sdg07.php">http://web.unep.org/post2015/sdg07.php</a>
		7.1.2	Proportion of population with primary reliance on clean fuels and technology	
7.2	By 2030, increase substantially the share of renewable energy in the global energy mix	7.2.1	Renewable energy share in the total final energy consumption	
7.3	By 2030, double the global rate of improvement in energy efficiency	7.3.1	Energy intensity measured in terms of primary energy and GDP	
7.a	By 2030, enhance international cooperation to facilitate access to clean energy research and technology, including renewable energy, energy efficiency and advanced and cleaner fossil-fuel technology, and promote investment in energy infrastructure and clean energy technology	7.a.1	Mobilized amount of United States dollars per year starting in 2020 accountable towards the \$100 billion commitment	

Target No	Target	Indicator No.	Indicator	Links
7.b	By 2030, expand infrastructure and upgrade technology for supplying modern and sustainable energy services for all in developing countries, in particular least developed countries, small island developing States, and land-locked developing countries, in accordance with their respective programmes of support	7.b.1	Investments in energy efficiency as a percentage of GDP and the amount of foreign direct investment in financial transfer for infrastructure and technology to sustainable development services	
<b>GOAL 8: Promote sustained, inclusive and sustainable economic growth, full and productive employment and decent work for all</b>				
8.4	Improve progressively, through 2030, global resource efficiency in consumption and production and endeavour to decouple economic growth from environmental degradation, in accordance with the 10-year framework of programmes on sustainable consumption and production, with developed countries taking the lead	8.4.1	Material footprint, material footprint per capita, and material footprint per GDP	Economic Growth, Employment and Environment <a href="http://web.unep.org/post2015/sdg08.php">http://web.unep.org/post2015/sdg08.php</a>
		8.4.2	Domestic material consumption, domestic material consumption per capita, and domestic material consumption per GDP	
8.9	By 2030, devise and implement policies to promote sustainable tourism that creates jobs and promotes local culture and products	8.9.1	Tourism direct GDP as a proportion of total GDP and in growth rate	
		8.9.2	Number of jobs in tourism industries as a proportion of total jobs and growth rate of jobs, by sex	
<b>GOAL 9: Build resilient infrastructure, promote inclusive and sustainable industrialization and foster innovation</b>				
9.1	Develop quality, reliable, sustainable and resilient infrastructure, including regional and transborder infrastructure, to support economic development and human well-being, with a focus on affordable and equitable access for all	9.1.1	Proportion of the rural population who live within 2 km of an all-season road	Industry, Innovation, Infrastructure and Environment <a href="http://web.unep.org/post2015/sdg09.php">http://web.unep.org/post2015/sdg09.php</a>
		9.1.2	Passenger and freight volumes, by mode of transport	
9.2	Promote inclusive and sustainable industrialization and, by 2030, significantly raise industry's share of employment and gross domestic product, in line with national circumstances, and double its share in least developed countries	9.2.1	Manufacturing value added as a proportion of GDP and per capita	
		9.2.2	Manufacturing employment as a proportion of total employment	
9.4	By 2030, upgrade infrastructure and retrofit industries to make them sustainable, with increased resource-use efficiency and greater adoption of clean and environmentally sound technologies and industrial processes, with all countries taking action in accordance with their respective capabilities	9.4.1	CO <sub>2</sub> emission per unit of value added	
9.a	Facilitate sustainable and resilient infrastructure development in developing countries through enhanced financial, technological and technical support to African countries, least developed countries, landlocked developing countries and small island developing States	9.a.1	Total official international support (official development assistance plus other official flows) to infrastructure	
<b>GOAL 10: Reduce inequality within and among countries</b>				
10.3	Ensure equal opportunity and reduce inequalities of outcome, including by eliminating discriminatory laws, policies and practices and promoting appropriate legislation, policies and action in this regard	10.3.1	Proportion of the population reporting having personally felt discriminated against or harassed within the previous 12 months on the basis of a ground of discrimination prohibited under international human rights law	Inequality reduction and Environment <a href="http://web.unep.org/post2015/sdg10.php">http://web.unep.org/post2015/sdg10.php</a>
<b>GOAL 11: Make cities and human settlements inclusive, safe, resilient and sustainable</b>				
11.1	Proportion of urban population living in slums, informal settlements or inadequate housing	11.1.1	Proportion of urban population living in slums, informal settlements or inadequate housing	Sustainable cities/communities and

Target No	Target	Indicator No.	Indicator	Links
11.2	By 2030, provide access to safe, affordable, accessible and sustainable transport systems for all, improving road safety, notably by expanding public transport, with special attention to the needs of those in vulnerable situations, women, children, persons with disabilities and older persons	11.2.1	Proportion of population that has convenient access to public transport, by sex, age and persons with disabilities	Environment <a href="http://web.unep.org/post/2015/sdg11.php">http://web.unep.org/post/2015/sdg11.php</a>
11.3	By 2030, enhance inclusive and sustainable urbanization and capacity for participatory, integrated and sustainable human settlement planning and management in all countries	11.3.1	Ratio of land consumption rate to population growth rate	
11.4	Strengthen efforts to protect and safeguard the world's cultural and natural heritage	11.4.1	Total expenditure (public and private) per capita spent on the preservation, protection and conservation of all cultural and natural heritage, by type of heritage (cultural, natural, mixed and World Heritage Centre designation), level of government (national, regional and local/municipal), type of expenditure (operating expenditure/ investment) and type of private funding (donations in kind, private non-profit sector and sponsorship)	
11.5	By 2030, significantly reduce the number of deaths and the number of people affected and substantially decrease the direct economic losses relative to global gross domestic product caused by disasters, including water-related disasters, with a focus on protecting the poor and people in vulnerable situations	11.5.1	Number of deaths, missing persons and persons affected by disaster per 100,000 people [a]	
		11.5.2	Direct disaster economic loss in relation to global GDP, including disaster damage to critical infrastructure and disruption of basic services [a]	
11.6	By 2030, reduce the adverse per capita environmental impact of cities, including by paying special attention to air quality and municipal and other waste management	11.6.1	Proportion of urban solid waste regularly collected and with adequate final discharge out of total urban solid waste generated, by cities	
		11.6.2	Annual mean levels of fine particulate matter (e.g. PM2.5 and PM10) in cities (population weighted)	
11.7	By 2030, provide universal access to safe, inclusive and accessible, green and public spaces, in particular for women and children, older persons and persons with disabilities	11.7.1	Average share of the built-up area of cities that is open space for public use for all, by sex, age and persons with disabilities	
		11.7.2	Proportion of persons victim of physical or sexual harassment, by sex, age, disability status and place of occurrence, in the previous 12 months	
11.a	Support positive economic, social and environmental links between urban, per-urban and rural areas by strengthening national and regional development planning	11.a.1	Proportion of population living in cities that implement urban and regional development plans integrating population projections and resource needs, by size of city	
11.b	By 2020, substantially increase the number of cities and human settlements adopting and implementing integrated policies and plans towards inclusion, resource efficiency, mitigation and adaptation to climate change, resilience to disasters, and develop and implement, in line with the Sendai Framework for Disaster Risk Reduction 2015-2030, holistic disaster risk management at all levels	11.b.1	Proportion of local governments that adopt and implement local disaster risk reduction strategies in line with the Sendai Framework for Disaster Risk Reduction 2015-2030 [a]	
		11.b.2	Number of countries with national and local disaster risk reduction strategies [a]	

Target No	Target	Indicator No.	Indicator	Links
<b>GOAL12: Ensure sustainable consumption and production patterns</b>				
12.1	Implement the 10-year framework of programmes on sustainable consumption and production, all countries taking action, with developed countries taking the lead, taking into account the development and capabilities of developing countries	12.1.1	Number of countries with sustainable consumption and production (SCP) national action plans or SCP mainstreamed as a priority or a target into national policies	Sustainable consumption/production and Environment  <a href="http://web.unep.org/post2015/sdg12.php">http://web.unep.org/post2015/sdg12.php</a>
12.2	By 2030, achieve the sustainable management and efficient use of natural resources	12.2.1	Material footprint, material footprint per capita, and material footprint per GDP	
		12.2.2	Domestic material consumption, domestic material consumption per capita, and domestic material consumption per GDP	
12.3	By 2030, halve per capita global food waste at the retail and consumer levels and reduce food losses along production and supply chains, including post-harvest losses	12.3.1	Global food loss index	
12.4	By 2020, achieve the environmentally sound management of chemicals and all wastes throughout their life cycle, in accordance with agreed international frameworks, and significantly reduce their release to air, water and soil in order to minimize their adverse impacts on human health and the environment	12.4.1	Number of parties to international multilateral environmental agreements on hazardous waste, and other chemicals that meet their commitments and obligations in transmitting information as required by each relevant agreement	
		12.4.2	Hazardous waste generated per capita and proportion of hazardous waste treated, by type of treatment	
12.5	By 2030, substantially reduce waste generation through prevention, reduction, recycling and reuse	12.5.1	National recycling rate, tons of material recycled	
12.6	Encourage companies, especially large and transnational companies, to adopt sustainable practices and to integrate sustainability information into their reporting cycle	12.6.1	Number of companies publishing sustainability reports	
12.7	Promote public procurement practices that are sustainable, in accordance with national policies and priorities	12.7.1	Number of countries implementing sustainable public procurement policies and action plans	
12.8	By 2030, ensure that people everywhere have the relevant information and awareness for sustainable development and lifestyles in harmony with nature	12.8.1	Extent to which (i) global citizenship education and (ii) education for sustainable development (including climate change education) are mainstreamed in (a) national education policies; (b) curricula; (c) teacher education; and (d) student assessment	
12.a	Support developing countries to strengthen their scientific and technological capacity to move towards more sustainable patterns of consumption and production	12.a.1	Amount of support to developing countries on research and development for sustainable consumption and production and environmentally sound technologies	
12.b	Develop and implement tools to monitor sustainable development impacts for sustainable tourism that creates jobs and promotes local culture and products	12.b.1	Number of sustainable tourism strategies or policies and implemented action plans with agreed monitoring and evaluation tools	
12.c	Rationalize inefficient fossil-fuel subsidies that encourage wasteful consumption by removing market distortions, in accordance with national circumstances, including by restructuring taxation and phasing out those harmful subsidies, where they exist, to reflect their environmental impacts, taking fully into account the specific needs and conditions of developing countries and minimizing the possible adverse impacts on their development in a manner that protects the poor and the affected communities	12.c.1	Amount of fossil-fuel subsidies per unit of GDP (production and consumption) and as a proportion of total national expenditure on fossil fuels	

Target No	Target	Indicator No.	Indicator	Links
<b>GOAL 13: Take urgent action to combat climate change and its impacts*</b>				
13.1	Strengthen resilience and adaptive capacity to climate-related hazards and natural disasters in all countries	13.1.1	Number of countries with national and local disaster risk reduction strategies [a]	Combat climate change and Environment  <a href="http://web.unep.org/post/2015/sdg13.php">http://web.unep.org/post/2015/sdg13.php</a>
		13.1.2	Number of deaths, missing persons and persons affected by disaster per 100,000 people [a]	
13.2	Integrate climate change measures into national policies, strategies and planning	13.2.1	Number of countries that have communicated the establishment or operationalization of an integrated policy/strategy/plan which increases their ability to adapt to the adverse impacts of climate change, and foster climate resilience and low greenhouse gas emissions development in a manner that does not threaten food production (including a national adaptation plan, nationally determined contribution, national communication, biennial update report or other)	
13.3	Improve education, awareness-raising and human and institutional capacity on climate change mitigation, adaptation, impact reduction and early warning	13.3.1	Number of countries that have integrated mitigation, adaptation, impact reduction and early warning into primary, secondary and tertiary curricula	
		13.3.2	Number of countries that have communicated the strengthening of institutional, systemic and individual capacity-building to implement adaptation, mitigation and technology transfer, and development actions	
13.a	Implement the commitment undertaken by developed-country parties to the United Nations Framework Convention on Climate Change to a goal of mobilizing jointly \$100 billion annually by 2020 from all sources to address the needs of developing countries in the context of meaningful mitigation actions and transparency on implementation and fully operationalize the Green Climate Fund through its capitalization as soon as possible	13.a.1	Mobilized amount of United States dollars per year starting in 2020 accountable towards the \$100 billion commitment	
13.b	Promote mechanisms for raising capacity for effective climate change-related planning and management in least developed countries and small island developing States, including focusing on women, youth and local and marginalized communities	13.b.1	Number of least developed countries and small island developing States that are receiving specialized support, and amount of support, including finance, technology and capacity-building, for mechanisms for raising capacities for effective climate change-related planning and management, including focusing on women, youth and local and marginalized communities	
<b>GOAL 14: Conserve and sustainably use the oceans, seas and marine resources for sustainable development</b>				
14.1	By 2025, prevent and significantly reduce marine pollution of all kinds, in particular from land-based activities, including marine debris and nutrient pollution	14.1.1	Index of coastal eutrophication and floating plastic debris density	Oceans, seas, marine resources and Environment  <a href="http://web.unep.org/post/2015/sdg14.php">http://web.unep.org/post/2015/sdg14.php</a>
14.2	By 2020, sustainably manage and protect marine and coastal ecosystems to avoid significant adverse impacts, including by strengthening their resilience, and take action for their restoration in order to achieve healthy and productive oceans	14.2.1	Proportion of national exclusive economic zones managed using ecosystem-based approaches	
14.3	Minimize and address the impacts of ocean acidification, including through enhanced scientific cooperation at all levels	14.3.1	Average marine acidity (pH) measured at agreed suite of representative sampling station	

Target No	Target	Indicator No.	Indicator	Links
14.4	By 2020, effectively regulate harvesting and end overfishing, illegal, unreported and unregulated fishing and destructive fishing practices and implement science-based management plans, in order to restore fish stocks in the shortest time feasible, at least to levels that can produce maximum sustainable yield as determined by their biological characteristics	14.4.1	Proportion of fish stocks within biologically sustainable levels	
14.5	By 2020, conserve at least 10 per cent of coastal and marine areas, consistent with national and international law and based on the best available scientific information	14.5.1	Coverage of protected areas in relation to marine areas	
14.6	By 2020, prohibit certain forms of fisheries subsidies which contribute to overcapacity and overfishing, eliminate subsidies that contribute to illegal, unreported and unregulated fishing and refrain from introducing new such subsidies, recognizing that appropriate and effective special and differential treatment for developing and least developed countries should be an integral part of the World Trade Organization fisheries subsidies negotiation	14.6.1	Progress by countries in the degree of implementation of international instruments aiming to combat illegal, unreported and unregulated fishing	
14.7	By 2030, increase the economic benefits to Small Island developing States and least developed countries from the sustainable use of marine resources, including through sustainable management of fisheries, aquaculture and tourism	14.7.1	Sustainable fisheries as a percentage of GDP in small island developing States, least developed countries and all countries	
14.a	Increase scientific knowledge, develop research capacity and transfer marine technology, taking into account the Intergovernmental Oceanographic Commission Criteria and Guidelines on the Transfer of Marine Technology, in order to improve ocean health and to enhance the contribution of marine biodiversity to the development of developing countries, in particular small island developing States and least developed countries	14.a.1	Proportion of total research budget allocated to research in the field of marine technology	
14.b	Provide access for small-scale artisanal fishers to marine resources and markets	14.b.1	Progress by countries in the degree of application of a legal/regulatory/policy/institutional framework which recognizes and protects access rights for small-scale fisheries	
14.c	Enhance the conservation and sustainable use of oceans and their resources by implementing international law as reflected in UNCLOS, which provides the legal framework for the conservation and sustainable use of oceans and their resources, as recalled in paragraph 158 of The Future We Want	14.c.1	Number of countries making progress in ratifying, accepting and implementing through legal, policy and institutional frameworks, ocean-related instruments that implement international law, as reflected in the United Nation Convention on the Law of the Sea, for the conservation and sustainable use of the oceans and their resources	
<b>GOAL 15: Protect, restore and promote sustainable use of terrestrial ecosystems, sustainably manage forests, combat desertification, and halt and reverse land degradation and halt biodiversity loss</b>				
15.1	By 2020, ensure the conservation, restoration and sustainable use of terrestrial and inland freshwater ecosystems and their services, in particular forests, wetlands, mountains and drylands, in line with obligations under international agreements	15.1.1	Forest area as a proportion of total land area	Terrestrial ecosystems and Environment <a href="http://web.unep.org/post2015/sdg15.php">http://web.unep.org/post2015/sdg15.php</a>
		15.1.2	Proportion of important sites for terrestrial and freshwater biodiversity that are covered by protected areas, by ecosystem type	
15.2	By 2020, promote the implementation of sustainable management of all types of forests, halt deforestation, restore degraded forests and substantially increase afforestation and reforestation globally	15.2.1	Progress towards sustainable forest management	

Target No	Target	Indicator No.	Indicator	Links
15.3	By 2030, combat desertification, restore degraded land and soil, including land affected by desertification, drought and floods, and strive to achieve a land degradation-neutral world	15.3.1	Proportion of land that is degraded over total land area	
15.4	By 2030, ensure the conservation of mountain ecosystems, including their biodiversity, in order to enhance their capacity to provide benefits that are essential for sustainable development	15.4.1	Coverage by protected areas of important sites for mountain biodiversity	
		15.4.2	Mountain Green Cover Index	
15.5	Take urgent and significant action to reduce the degradation of natural habitats, halt the loss of biodiversity and, by 2020, protect and prevent the extinction of threatened species	15.5.1	Red List Index	
15.6	Promote fair and equitable sharing of the benefits arising from the utilization of genetic resources and promote appropriate access to such resources, as internationally agreed	15.6.1	Number of countries that have adopted legislative, administrative and policy frameworks to ensure fair and equitable sharing of benefits	
15.7	Take urgent action to end poaching and trafficking of protected species of flora and fauna and address both demand and supply of illegal wildlife products	15.7.1	Proportion of traded wildlife that was poached or illicitly trafficked	
15.8	By 2020, introduce measures to prevent the introduction and significantly reduce the impact of invasive alien species on land and water ecosystems and control or eradicate the priority species	15.8.1	Proportion of countries adopting relevant national legislation and adequately resourcing the prevention or control of invasive alien species	
15.9	By 2020, integrate ecosystem and biodiversity values into national and local planning, development processes, poverty reduction strategies and accounts	15.9.1	Progress towards national targets established in accordance with Aichi Biodiversity Target 2 of the Strategic Plan for Biodiversity 2011-2020	
15.a	Mobilize and significantly increase financial resources from all sources to conserve and sustainably use biodiversity and ecosystems	15.a.1	Official development assistance and public expenditure on conservation and sustainable use of biodiversity and ecosystems	
15.b	Mobilize significant resources from all sources and at all levels to finance sustainable forest management and provide adequate incentives to developing countries to advance such management, including for conservation and reforestation	15.b.1	Official development assistance and public expenditure on conservation and sustainable use of biodiversity and ecosystems	
15.c	Enhance global support for efforts to combat poaching and trafficking of protected species, including by increasing the capacity of local communities to pursue sustainable livelihood opportunities	15.c.1	Proportion of traded wildlife that was poached or illicitly trafficked (repeat of 15.7.1)	
<b>GOAL 16: Promote peaceful and inclusive societies for sustainable development, provide access to justice for all and build effective, accountable and inclusive institutions at all levels</b>				
16.3	Promote the rule of law at the national and international levels and ensure equal access to justice for all	16.3.1	Proportion of victims of violence in the previous 12 months who reported their victimization to competent authorities or other officially recognized conflict resolution mechanisms	Peace, justice, strong institutions and Environment <a href="http://web.unep.org/post2015/sdg16.php">http://web.unep.org/post2015/sdg16.php</a>
		16.3.2	Unsentenced detainees as a proportion of overall prison population	
16.6	Develop effective, accountable and transparent institutions at all levels	16.6.1	Primary government expenditures as a proportion of original approved budget, by sector (or by budget codes or similar)	
		16.6.2	Proportion of the population satisfied with their last experience of public services	
16.7	Ensure responsive, inclusive, participatory and representative decision-making at all levels	16.7.1	Proportions of positions (by sex, age, persons with disabilities and population groups) in public institutions (national and local legislatures, public service, and judiciary) compared to national distributions	

Target No	Target	Indicator No.	Indicator	Links
		16.7.2	Proportion of population who believe decision-making is inclusive and responsive, by sex, age, disability and population group	
16.8	Broaden and strengthen the participation of developing countries in the institutions of global governance	16.8.1	Proportion of members and voting rights of developing countries in international organizations	
16.10	Ensure public access to information and protect fundamental freedoms, in accordance with national legislation and international agreements	16.10.1	Number of verified cases of killing, kidnapping, enforced disappearance, arbitrary detention and torture of journalists, associated media personnel, trade unionists and human rights advocates in the previous 12 months	
		16.10.2	Number of countries that adopt and implement constitutional, statutory and/or policy guarantees for public access to information	
16.b	Promote and enforce non-discriminatory laws and policies for sustainable development	16.b.1	Proportion of population reporting having personally felt discriminated against or harassed in the previous 12 months on the basis of a ground of discrimination prohibited under international human rights law	
<b>GOAL 17: Strengthen the means of implementation and revitalize the global partnership for sustainable development</b>				
17.6	Enhance North-South, South-South and triangular regional and international cooperation on and access to science, technology and innovation and enhance knowledge-sharing on mutually agreed terms, including through improved coordination among existing mechanisms, in particular at the United Nations level, and through a global technology facilitation mechanism	17.6.1	Number of science and/or technology cooperation agreements and programmes between countries, by type of cooperation	Partnerships and Environment  <a href="http://web.unep.org/post2015/sdg17.php">http://web.unep.org/post2015/sdg17.php</a>
17.7	Promote the development, transfer, dissemination and diffusion of environmentally sound technologies to developing countries on favourable terms, including on concessional and preferential terms, as mutually agreed	17.7.1	Total amount of approved funding for developing countries to promote the development, transfer, dissemination and diffusion of environmentally sound technologies	
17.14	Enhance policy coherence for sustainable development	17.14.1	Number of countries with mechanisms in place to enhance policy coherence of sustainable development	
17.15	Respect each country's policy space and leadership to establish and implement policies for poverty eradication and sustainable development	17.15.1	Extent of use of country-owned results frameworks and planning tools by providers of development cooperation
