

Global Disinformation Index

GDI has studied a selection of popular brand ads appearing on climate change disinformation sites.

This deck focuses on stories that have adversarial narratives and conspiracy theories including:

- Climate Change is a hoax used to gain political power.
- Greta Thunberg is being controlled to push the elite / Globalist Green New Deal.
- The severe weather crisis is “global cooling” and not global warming.
- The climate change “hoax” is being used to push the “Great Reset.”

"Today, we remember and celebrate the role that the healing balm of prayer can play in our lives and in the life of our Nation. As we continue to confront the crises and challenges of our time — from a deadly pandemic, to the loss of lives and livelihoods in its wake, to a reckoning on racial justice, to the existential threat of climate change — Americans of faith can call upon the power of prayer to provide hope and uplift us for the work ahead," Biden's proclamation reads.

"On this National Day of Prayer, we unite with purpose and resolve, and recommit ourselves to the core freedoms that helped define and guide our Nation from its earliest days," the statement continues.

Now that computer geek Bill Gates has failed to "depopulate the world", and is caught up in the crosshairs of a divorce initiated by his own wife, they're going to try to depopulate human society through the fantasy known as "The Great Reset"?

Millions of world citizens restricted to the Stay-At-Home orders of their governments are presumed to be restively waiting for the inevitable launch of the globalists' 'Great Reset'.
 If the virus of the season doesn't get you, and Global Warming/Climate Change doesn't wipe you out, the globalists ace in the hole is what they call the Great Reset.

According to power-mad globalists, marching in-step with the United Nations and European Union, when the 'Plandemic' is over (meaning when they have no choice but to walk it back having been trapped in their own lies), citizens held in government Lockdowns over the past 14 months will come stumbling out of their homes, bleary-eyed into the fresh air with which the Creator gifted humanity when He created the Universe.

Haughty, big talking globalists are failing even before getting out of the gate, by dint of never having studies in a simple course called 'Human Nature' anywhere on the curricula of schools under their complete control.

They continue to scare monger through the media that they now have all the billionaires, all the CEOs of thriving multinationals, like Coca-Cola, PepsiCo, Procter & Gamble, etc. infinitum on their side.

When applied to good old-fashioned Human Nature, billionaires and CEOs are only in for the ride to turn profits, in which they're far more interested than seeing the Great Reset running the world.

Floridians Shiver through the Coldest Winter in Two Decades
By Jeffrey Folks

In December, Floridians celebrated their ninth coldest Christmas on record, and [the coldest](#) in 21 years. Even South Florida, that frost-free region of palm trees and margaritas, was shivering on Christmas Day. Broward County issued a "cold-weather emergency," ensuring shelter for all homeless persons, and further north, residents were outside covering plants to protect them from freezes.

It wasn't just Christmas Day. Cold in the Sunshine State this year has been unrelenting. Residents report using three times the natural gas they did last year (when the high temperature of [edge](#) day in South Florida reached 71 in many places). And there is no end in sight: as Jacksonville calls for temperatures on many days below average.

It isn't just Florida. Temperatures are [colder](#) than

What is the truth about climate change? Marc Moreno has forgotten more about the subject than most other people know. As the leading de-bunker of the left-wing climate hoax, Marc gets into the origins of the cult of climate, how the left is indoctrinating children, and why, despite the lies, liberals are so successful and pushing their agenda forward. Do you like to drink soda?

I'm talking carbonated beverages, pop, seltzer water, club soda, Perrier, anything that fizzes.

For years, I only drank iced tea and hot coffee.
