FOREWORD

India, a country bestowed with diverse agro climatic condition, is a prominent supplier of wide range of agro products to the World. APEDA (Agricultural & Processed Food Products Export Development Authority) has been promoting export of agri products taking the finest Indian agri produce to the international markets.

Mango, the king of fruits, is not only a prominent fruit for exports but also has a uniqueness of having GI tags. Several exquisite varieties of Indian Mangoes (twelve as on date) are registered geographical indications in India. Availability of these delicious varieties of mangoes range from March to August.

With unparalleled taste, aroma and flavour getting appreciated worldwide, India has exported 21,033 MT of fresh mangoes in 2020-21 for the worth of 36.22 million USD.

Your summer delight is incomplete without feasting the best of the mangoes from India. This publication will take you through the unique Indian GI mangoes, a flavourous delight for the World.

MESSAGE

The Indian mangoes, acclaimed globally for its sweetness and delicious taste, are among the most popular summer fruits. India has exported 21033 MT of fresh mangoes worth US\$ 36.22 million in 2020-2021.

2. I am happy to note that a large varieties of high quality Indian mangoes are available in Bahraini stores. Agro-products have traditionally been an important component of bilateral trade between India and Kingdom of Bahrain.

3. India is world's largest mango producer, and today the country produces a wide range of mangoes including several unique GI-tagged varieties from various Indian states such as Maharashtra, Uttar Pradesh, Andhra Pradesh, Bihar, West Bengal, Karnataka, Gujarat and Kerala etc.

4. APEDA has brought out this booklet containing information about 12 GI-tagged mangoes from India. I am sure that the readers will find it interesting and useful, given that mangoes are cherished alike by both, the Bahraini as well as Indian community.

GI mangoes from India

Alphonso	Appemidi
Banaganapalle	Bhagalpuri Zardalu
Laxman Bhog	Gir Kesar
Malda Khirsapati (Himsagar)	Marathwada Kesar
Rataul	Kuttiattoor
Malihabadi Dusseheri	Fazli

GI mangoes from India

ALPHONSO (MAHARASHTRA)

Nicknamed as "King of Mangoes" it is loved for its colour, wholesome fragrance and irresistible taste. It is grown in Konkan region of western ghats. The pulp of the fruit is firm and fibreless with good sugar acid blend which gives distinct flavour and aroma.

GI of
Maharashtra

GI of
Uttar
Pradesh

MANGO MALIHABADI DUSSEHERI (UTTAR PRADESH)

Grown on the banks of river Gomti, it has fibreless flesh with a pleasant flavor and taste. The unique characteristics of Malihabadi Dusseheri is attributed to the unique soil of the region.

BANAGANAPALLE MANGOES (ANDHRA PRADESH)

Oblique to obliquely oval, shining golden yellow colour with sweet, meaty and fibreless flesh, it is known for its pleasant and delightful flavor.

GI
of Andhra
Pradesh

GI of
Gujrat

GIR KESAR MANGO (GUJRAT)

Grown in Junagadh region, Gir Kesar mangoes have distinctive and rare characteristics like saffron colour of the pulp hence the name kesar mango. It also has distinct taste, aroma, pulp colour and sweetness.

MARATHWADA KESAR MANGO (MAHARASHTRA)

Grown in Marathwada region, it contains highest amount of total soluble solids among all mango varieties grown in India. It is also called Kesar Mango due to taste and colour similar to saffron.

GI of
Maharashtra

GI of
Kerala

KUTTIATTOOR MANGO (KERALA)

Popular in Kannur district of Kerala, It is famous for its orange yellow colour of flesh, taste and flavor. The flesh is neither very soft nor too firm and has medium juiciness.

FAZLI MANGO (WEST BENGAL)

It is a variety of mango grown in the district of Malda, West Bengal. It is big in size with medium thickness. Flesh is light yellow, firm and juicy with pleasant flavour and sweet taste.
