Department of Physical Education, Jeonbuk National University, Jeonju, South Korea

The article "Influence of 12 weeks of basketball training on college students' heart function" by Z.-T. Yang, S.-W. Kim, Y.-S. Kim, X. Tang, H. Li, E.-L. Wang, published in Eur Rev Med Pharmacol Sci 2023; 27 (14): 6474-6479-DOI: 10.26355/eurrev_202307_33117-PMID: 37522658 has been retracted by the Editor in Chief.

Due to third-party concerns about potential misquotations, the Editor-in-Chief has initiated an investigation to verify the validity of the allegations.

The journal's assessment has shown that all references cited were not relevant to the text.

The authors have been contacted to address the issues but only provided an updated list of references without a satisfactory explanation for the mistake.

In light of the absence of a valid justification and the substantial misquotations throughout the text, the Editor-in-Chief has decided to retract the manuscript.

The authors have been informed about the retraction but remained unresponsive.

This article has been retracted. The Publisher apologizes for any inconvenience this may cause.
