Account Creation

Question: How do I create an account and login to the ECO Public Portal?

Answer: See Instruction Guide linked here for [Federal Agency Users](#) and [General Public Users](#)

Finding Consultation Documents

Question: Where can I find Biological Opinions?

Answer: [The National Oceanic and Atmospheric Administration \(NOAA\) Institutional Repository](#). Tips on searching the NOAA Institutional Repository can be found at the following link: <https://repository.library.noaa.gov/help>. If you are looking for a biological opinion from an Endangered Species Action (ESA) section 7 consultation completed before 2019 that is not available in ECO, you may send an email with specific details regarding the consultation to NMFS.Historic.Consultations@noaa.gov.

Question: Where can I find Letters of Concurrence?

Answer: Letters of Concurrence for completed Informal ESA or Combined consultations can be found within their respective ECO record under “ESA Completion Details” (See screenshot below).
