# Course Templates\* for

# B.TECH, BS and DUAL DEGREE Programs

\* The course templates for B.Tech and BS programmes have been revised and updated at Pingala for 2020-21-I for all departments except ECO and MTH. So for the latest templates, kindly visit Pingala.

# **Guidelines for understanding course templates**

- 1. Each course template has been given a number (visible in the top right corner) as <DEPT><NO.> which may be referred to at any point in the UG Manual.
- 2. Every course template is followed by a list of minimum graduation requirements for the concerned degree / programme as well as a 'Remarks' section detailing particular department / programme constraints regarding courses / credit calculations. Students have flexibility in choosing electives as well as scheduling of courses between semesters keeping in mind these graduation requirements and specific department / programme constraints. At all times, STUDENTS ARE RESPONSIBLE FOR ENSURING COMPLETION OF MINIMUM GRADUATION REQUIREMENTS WITHIN THE GIVEN CONSTRAINTS.
- Courses listed by specific number rather than only a category (HSS/ESO/SO) will be available in the specified semester. Students need to ensure that they register for these compulsory courses in the given semester to ensure fulfillment of graduation requirements.
- 4. ESO/SO courses are available in a range of 6 to 14 credits. If all ESO/SO courses are not specified by the department, then students need to choose ESO/SO courses so that their total ESO/SO course credits, including any ESO/SO courses specified by the department, total up to at least 40 credits. Students also need to ensure that their ESO/SO course choices include at least one course of each type.
- 5. Students are allowed to register for a maximum of 65 credits per semester. The total number of credits listed in the template at the bottom of each semester indicates only a possible range, based on suggested courses for the semester. Students are free to choose electives and/or extra courses that go beyond the suggested credits so long as they remain within the upper limit of 65 credits per semester.
- 6. Institute core (IC) credits for all B.Tech. and B.S. programmes is 124. A list detailing Institute core credit courses is attached as Appendix 1.
- 7. Planning in advance to clear pre-requisites for courses in upcoming semesters is the sole responsibility of the student.
- UGP-1 and UGP-4 are optional for all departments and are counted as extra credits. In any case, UGP-1 & UGP-4 shall not be counted towards DE/OE credits or graduation requirements for the 4-year UG programme.
- 9. If students are planning to register for a Dual Degree or Double Major programme, they are advised to plan well in advance (even before applying for the other programme), so that they can use their electives as well as extra credit opportunities in each semester effectively to register for the courses of the other programme and complete their degree in a timely fashion.
- 10. Course credits and Thesis credits mentioned under the dual degree templates are only for the M.Tech./ M.S. part of the programme. In addition to these credits, students are required

- to follow and complete all the graduation requirements for the UG program in their parent department.
- 11. The UG Pre-Requisites listed in the dual degree template are additional requirements that are NOT counted towards the minimum credit requirement for the dual degree programme. Students are expected to use their UG elective slots and/or extra credit opportunities in each semester to fulfill these pre-requisites in a timely fashion.
- 12. Credits for the courses listed under 'Pre-Requisites' in the Double Major template are NOT counted towards the minimum graduation credit requirement for the Double Major. Students are expected to use their UG elective slots and/or extra credit opportunities in each semester to fulfill these pre-requisites in a timely fashion.
- 13. DE / PG / DE PG slots in the Double Major and Dual Degree templates are meant for courses in the second programme / department, not for courses from the students' parent department.
- 14. Upto 36 OE credits from the UG parent department's graduation requirements may be waived for Double Major and Dual Degree students so that these credits may be used to fulfill Double Major / Dual Degree requirements. These credits would then be counted as part of the minimum graduation requirement for the Double Major / Dual Degree, and not for the parent department UG programme.
- 15. For all programmes, the credit requirements listed below the templates are the MINIMUM graduation requirements. Students may exceed this requirement depending on the electives they choose and/or courses they take on the advice of the DUGC / Thesis Supervisor.

### MINIMUM CREDIT REQUIREMENT IN MS PART FOR GRADUATION:

PG Component

54 Credits

Thesis Component

: 72 Credits

### REMARKS:

1) DE PG-1 may be taken instead of UGP-2 in the BT programme.

- 2) Upto 27 OE credits may be used from the BT minimum requirements to fulfil requirements for the BT-MT dual degree programme. These will be waived from the BT programme and counted towards PG requirements.
- 3) Course credits and Thesis credits mentioned under the dual degree template are only for the M.Tech. part of the programme. In addition to these credits, students are required to follow and complete all their graduation requirements for their UG programme EXCEPT for credit waivers detailed above.
- 4) All courses to be taken with the permission of Supervisor/ DUGC Convener.

### **REMARKS:**

- \*Students need to ensure that the four courses chosen as DE include a minimum of 22 credits from Basket-A, and total to a minimum of 40 credits. Students opting for the dual degree programme within CE have to do a minimum of 31 credits of DE, which should include minimum 22 credits from Basket A.
- \*\*The DE-B basket may also contain departmental PG courses that may be offered as DE-B from time to time. Students opting for the dual degree programme within CE are allowed to take CE491 or CE492 as DEs from Basket B or as OE.
- 3) UGP-1 and UGP-4 do not count towards DE/OE credits or minimum graduation requirements.
- 4) Upto 45 OE credits and 09 DE credits may be waived from the minimum requirements for students opting for the dual degree programme within CE.
- 5) Upto 36 OE credits may be waived from the minimum requirements for students opting for dual degree in another department or the Double Major programme

"Eligible and interested students can take CE332A as UGP-I, CE49IA as UGP-2, CE492A as UGP-3 and CE493A as UGP-4.

B.Tech students can take CE49IA and CE492A as DE-B only. Dual degree students can take CE49IA and CE492A as either DE-B or OE. CE332A (UGP-I) and CE493A (UGP-4) are for extra credits and do not count for DE or OE credits required for graduation"

### MINIMUM CREDIT REQUIREMENT IN M.TECH PART FOR GRADUATION:

PG Component

54 Credits

Thesis Component

: 72 Credits

- 1) In the 7th semester, in addition to the courses listed above for the PG requirement, students will be expected to complete their UG requirements by taking HSS-4 (level 2), OE-2 and OE-3 (total of 27 credits). In the 8th semester, in addition to the courses listed above for the PG requirements, students will be expected to complete their UG requirements by taking HSS-5 (level 2), DE-3 and OE-5 (total of 27 credits).
- BT-MT students are NOT permitted to take EE491A (UGP-3) and EE492A (UGP-4) as part of their UG curriculum.
- 3) Upto 36 credits (from a combination of OE, DE, UGP2-3/DE/OE credits as listed in the BT template minimum requirements) may be used to fulfil requirements for the BT-MT dual degree programme. These will be waived from the BT programme and counted towards PG requirements. The total minimum BT-MT dual degree (category A) credit requirement will be 518.
- 4) PG-3, 4, 5 & 6 are to be taken with the permission of thesis supervisor.

MINIMUM	GRADUATION	REQUIREMENT	IN MBA PART:

**PG** Component : 153 Credits Summer Internship

Credits

### **REMARKS:**

1) \*DE MBA-1, 2, 3 & 4 to be selected form Basket - B.

2) MBA697A (summer internship) is mandatory.

In place of any of the DE MBA (6 to 15), a student may substitute an IME course in consultation with the IME DUGC.

Minimum graduation requirements mentioned under the dual degree template are only for the MBA part of the programme. In addition to these credits, students are required to follow and complete all their graduation requirements for their UG programme.

Upto 36 OE credits may be used from the parent department's BT/BS minimum requirements to fulfil requirements for the BT/BS-MBA dual degree programme. These will be waived from the parent department's BT programme requirements and counted towards PG requirements.

#### MINIMUM CREDIT REQUIREMENT FOR GRADUATION:

Institute Core (IC)	:	124	Credits
Department Compulsory (DC)	:	101	Credits
UGP-2 and UGP-3	:	15	Credits
Department Elective (DE)	:	27	Credits
Open Elective (OE)	:	54	Credits
ESO/SO	:	55	Credits
HSS (Level-I)	:	22	Credits
HSS (Level-II)	:	27	Credits
Total	:	425	Credits

- 1) UGP-2 (ME451A) and UGP-3 (ME452A) are departmental compulosry courses for BTech students. However, these are optional for BT-MT students who apply for conversion to BT-MT program before the end of the sixth semester. Such students may do any two DE PG courses as substitute for UGP-2 and UGP-3. If a student opts to take ME451A or ME452A after applying for the dual degree programme before the end of the 6th semester, these courses WILL NOT count towards his/her DE-PG requirement.
- 2) Students registering for ME451A (UGP-2) must form BTP groups and inform Convener, DUGC, by April 30th of 6th Semester.
- 3) ME students applying for BT-MT in ME after the formation of BTP groups will have to take UGP-2 and UGP-3. Neither of these courses may be dropped. Out of UGP-2 and UGP-3, only UGP-3 may be counted towards DE-PG credits for these students.
- 4) UGP-1 & UGP-4 are optional and do not count towards graduation requirements.
- 5) 15 credits of UGP-2&3 and 18 OE credits may be waived from the minimum BT requirements for students opting for dual degree in ME itself.
- 6) Upto 36 OE credits may be waived from the minimum requirements for students opting for Dual Degree in any other department or the Double Major programme.

### MINIMUM CREDIT REQUIREMENT IN M.TECH PART FOR GRADUATION:

PG Component

54 Credits

Thesis Component

: 72 Credits

- 1) UGP-2 and UGP-3 are compulsory for UG ME students, but not for BT-MT ME students. BT-MT ME students have to take 18 credits of DE PG instead of 15 credits of UGP-2 and UGP-3. However, ME students applying for BT-MT in ME after the start of 7<sup>th</sup> semester will have to take UGP-2 and UGP-3. Neither of these courses may be dropped. Out of UGP-2 and UGP-3 may be counted towards DE-PG credits. In that case, students will have to make up the remaining 12 credits of DE PG with additional PG level ME courses.
- 2) All courses to be taken with the permission of Supervisor/ DUGC Convener.
- 3) AE675A may count as DE PG in lieu of ME623A. Similar equivalences can be established by the DUGC after deliberating the course content on a case to case basis.
- 4) Course credits and Thesis credits mentioned under the dual degree template are only for the M.Tech. part of the programme. In addition to these credits, students are required to follow and complete all their graduation requirements for their UG programme.
- 5) Upto 18 OE credits may be used from the BT minimum requirements to fulfil requirements for the BT-MT dual degree programme. These will be waived from the BT programme and counted towards PG requirements.

Basket A\*\* ES450 [09] ES455[09]

#### REMARKS:

Total

- \*The 8 credits shown against each DE in the template are only indicative. DE courses are available in 8-11 credits each. Students need to ensure that their total DE credits total up to AT LEAST 40.
  \*\*DE-1should be selected from Basket A.
- UGP-1 and UGP-4 are optional courses and do not count towards graduation requirements, also do not count towards DE/OE credits. UGP-2 & 3 are optional but if taken, OE credits may include 18 (9+9) credits of UGP-2 and UGP-3.

: 415 Credits

- A student will be allowed to do UGP-3 only if s/he has done UGP-2.

  Up to 36 OE credits may be waived for students opting either for Dual Degree or Double Major program.
- Those students who decide to go for MS later after V Semester, and if they have taken UGPs 1 & 2, these UGPs will be adjusted as OE at the Department level.
- Those who decide to go for MS should not do UGPs.
- The field work for ES312A, ES414A, and ES418A will be conducted during the winter vacation period after the END Semester exam of respective ODD semester (e.g., III, V, and VII) but credits will be counted in the successive EVEN semester (i.e., IV, VI, and VIII). Therefore, students have to register for these courses for the respective EVEN semester.

### MINIMUM CREDIT REQUIREMENT IN M.TECH PART FOR GRADUATION:

PG Component

: 63 Credits

Thesis Component : 72 Credits

- 1) All DE PG courses should be selected from amongst offered EEM courses in consultation with the thesis supervisor.
- 2) Course credits and Thesis credits mentioned under the dual degree template are only for the M.Tech. part of the programme. In addition to these credits, students are required to follow and complete all their graduation requirements for their UG programme.
- Upto 36 OE credits may be used from the parent department's BT/BS minimum requirements to fulfil requirements for the BT/BS-MT dual degree programme. These will be waived from the parent department's BT programme requirements and counted towards PG requirements.
