PEASMARSH PLACE CARE HOME

INFECTION CONTROL AUDIT

Date: 19.05.2022

Overall score for this audit:

This home has achieved an overall rating of 96.68% - resulting in a rating of in a process where the benchmark is set deliberately high. (See rating levels below)

However - The home is (compliant/non-compliant) in 3.32% of the overall standard for Infection Control as defined by the DoH.

The Manager will now draft and implement an action plan to address any areas of non or partial compliance.

| Score | X / 181 | Percentage score | Rating |

9. Laundry

The Standard: Laundry is handled, transported, cleaned, dried & stored in such a way as to minimise the risk of cross infection/contamination.

| | | Yes | No | N/A | Actions |
|----------------|--|--------------|----|-----|-----------------------------|
| 1 | The Home has a comprehensive | | | | |
| 1 | policy regarding laundry and the | | | | |
| | laundering environment | | | | |
| 2 | Structures are in place to ensure | | | | Tested in recent outbreak & |
| 2 | compliance with the policy through | | | | |
| | induction, training, monitoring and | | | | reminded at staff meeting |
| | supervision. | | | | recently |
| 3 | The importance and practicalities | | | | |
| 5 | of correct and appropriate laundry | | | | |
| | procedures, as stated in the standard, | | | | |
| | are integral components of the staff | | | | |
| | induction process. | | | | |
| | There is written evidence to support | | | | |
| | this. | | | | |
| 4 | Staff are aware of how to access the | | | | |
| - | COSHH information in relation to | | | | |
| | chemicals used in the laundry process | | | | |
| 5 | Adequate/sufficient numbers of | | | | |
| | wheeled laundry "skips" are available | | | | |
| | in relation to number of residents and | | | | |
| | building layout. | | | | |
| 6 | Skips are wheeled to rooms and | | | | |
| | bathing areas, as opposed to laundry | | | | |
| | being carried to central skips. | | | | |
| 7 | Laundry bags are made from an | \checkmark | | | |
| | impermeable material and have the | | | | |
| | facility to be closed/secured; | | | | |
| | eg.securable drawstring. | , | | | |
| 8 | Laundry bags are laundered. | | | | |
| 0 | | , | | | |
| 9 | Red "soluble" bags are used for | \checkmark | | | |
| | laundry that is or, is suspected of | | | | |
| 10 | being, soiled or contaminated | | | | |
| 10 | Soiled items are secured in red bags | \checkmark | | | |
| | using the "tie" provided, and | | | | |
| | are placed separately in the | | | | |
| | washing machine, unopened. Red bags are washed on a "Sluice | | | | |
| | Cycle". | | | | |
| 11 | Protective gloves and aprons are | | | | |
| | worn by ALL staff when putting items | | | | |
| | in or taking items out of laundry bags. | ` | | | |
| | Gloves and aprons are then disposed | | | | |
| | of appropriately. | | | | |
| 12 | Laundry bags are transported to | | | | |
| · - | laundry room promptly, and are not | ' | | | |
| | left in corridors/rooms with dirty | | | | |
| | laundry therein. | | | | |
| 13 | Laundry awaiting treatment in laundry | | | | |
