18. Service Provider Obligations

- 18.1 Vodafone shall use best endeavours to provide Customer with the Services however, due to the nature of this technology; Vodafone cannot guarantee a fault-free service.
- 18.2 Vodafone may suspend the Services: (i) in order to carry out maintenance or testing of the Vodafone Network;
- 18.3 (ii) during any technical failure of the Vodafone Network; (iii) when it is necessary to safeguard the security and integrity of the Vodafone Network or to reduce the incidence of fraud; (iv) where it is necessary for reasons of Force Majeure; (v) where it identifies an Artificially Inflated Traffic due to fraud. Vodafone shall endeavour to keep all such suspensions to a minimum and shall give Customer notice of such suspensions where reasonably practicable.
- 18.4 Vodafone is not responsible or liable for any non-performance of Services or for any degradation or deviation of the Services that can be reasonably attributed to the actions or omissions of the Customer or third parties.

19. Customer Obligations

- 19.1 Prepaid Service is for the use of the registered Customer only. The Customer may not transfer the registered Prepaid SIM card to another person without a valid transfer of number (TON) using the TON form at any Vodafone Retail Stores. Unauthorized transfer of a Prepaid SIM card may result in service cancellation.
- 19.2 The Customer must promptly notify Vodafone if the SIM Card is lost, stolen or damaged. In the event of loss, theft or damage of the SIM Card, the Customer must notify Vodafone within forty-eight (48) hours of becoming aware.
- 19.3 Porting Out:
- 19.4 The Customer can port their Prepaid Number but only after all invoiced charges outstanding at the time of port out request are fully paid. If charges are outstanding at the time of porting, Vodafone will inform the Customer of the amount payable and the timeframe in which that payment must be made to avoid the cancellation of the Customer's port request.
- The Customer must pay all charges that have been incurred by the Customer but which have not been invoiced by Vodafone as at the date of the port, including any early contract termination fees. Vodafone will issue the Customer with a final invoice in respect of those charges. If the final invoice is not paid within 30 days of the invoice date, Vodafone may direct the other service provider to bar the ability of the Customer to make outgoing calls (except for calls to emergency service numbers and operator service numbers), send SMS/MMS, access data services and any other outgoing services using the ported mobile number.
 - After 45 days, Vodafone may direct the other service provider to suspend the ability of the Customer to receive public telecommunications services using the ported mobile number and terminate the public telecommunications services in respect of the ported mobile number. The Subscriber may lose the right to use the ported mobile number if the invoiced charges are not paid within a certain period after the date of termination.
 - If the Customer requests the porting of a mobile number from Vodafone and it is subsequently discovered that the port has been made in error, is fraudulent or the Customer does not otherwise have the right to port that mobile number, Vodafone may take such measures as are necessary to address this issue, including returning the ported number to the original range holder.
