

## ADVISORY BOARD

# ADVISORY BOARD TO THE GLOBAL INNOVATION INDEX

In 2011, an Advisory Board was established to provide advice on the research underlying the Global Innovation Index (GII), generate synergies at its stages of development, and assist with the dissemination of its messages and results. The Advisory Board is a select group of leading international practitioners with expertise in the realm of innovation. Its members are from diverse geographical and institutional backgrounds and participate in their personal capacity. We extend our gratitude to all Advisory Board members for their continuous support and collaboration.

We wish to thank Hugo Hollanders, Senior Researcher at UNU-MERIT (Maastricht University) for his contribution to previous editions of the GI as a member of the Advisory Board.
