

ORDER OF THE PROVINCIAL HEALTH OFFICER

(Pursuant to Sections 30, 31, 32, 39 (3), 43, 53, 54 (1) (k), 56, 57 (1), 67 (2) and 69 *Public Health Act*, S.B.C. 2008)

COVID-19 VACCINATION STATUS INFORMATION AND PREVENTIVE MEASURES ORDER – SEPTEMBER 27, 2021

The *Public Health Act* is at:

<http://www.bclaws.ca/civix/content/complete/statreg/08028/?xsl=/templates/browse.xsl>

(excerpts enclosed)

- TO: PERSONS WHO OPERATE AND PERSONS WHO ADMIT PERSONS TO OR PROVIDE HOUSING IN LONG TERM CARE FACILITIES, PRIVATE HOSPITALS, STAND ALONE EXTENDED CARE HOSPITALS DESIGNATED UNDER THE HOSPITAL ACT, ASSISTED LIVING RESIDENCES WHICH PROVIDE REGULAR ASSISTANCE WITH ACTIVITIES OF DAILY LIVING, INCLUDING EATING, MOBILITY, DRESSING, GROOMING, BATHING OR PERSONAL HYGIENE, PROVINCIAL MENTAL HEALTH FACILITIES (HEREINAFTER REFERRED TO AS AN “OPERATOR”, AN “ADMITTER” OR A “FACILITY” OR COLLECTIVELY AS “OPERATORS”, “ADMITTERS” OR AS “FACILITIES”)**
- TO: OPERATORS WHO EMPLOY STAFF TO WORK IN FACILITIES**
- TO: EMPLOYERS WHO ARE NOT OPERATORS WHO PROVIDE STAFF TO WORK IN FACILITIES (HEREINAFTER REFERRED TO AS “CONTRACTORS”)**
- TO: PERSONS IN CARE, PATIENTS AND RESIDENTS OF FACILITIES (HEREINAFTER REFERRED TO AS A “RESIDENT” OR COLLECTIVELY AS “RESIDENTS”)**
- TO: PERSONS WHO WORK IN FACILITIES (HEREINAFTER REFERRED TO AS A “STAFF MEMBER” OR COLLECTIVELY AS “STAFF”)**
- TO: OUTSIDE HEALTH CARE AND PERSONAL CARE PROVIDERS**
- TO: OUTSIDE SUPPORT AND PERSONAL SERVICES PROVIDERS**
- TO: OTHER OUTSIDE PROVIDERS**

WHEREAS:

- A. On March 17, 2020 I provided notice under section 52 (2) of the *Public Health Act* that the transmission of the infectious agent SARS-CoV-2, which has caused cases, clusters and outbreaks of a serious communicable disease known as COVID-19 among the population of the Province of British Columbia, constitutes a regional event, as defined in section 51 of the *Public Health Act*;
- B. A person infected with SARS-CoV-2 can infect other people with whom the infected person is in contact;
- C. The presence of virus variants of concern in the Province, in particular the Delta variant, has heightened the risk to the population generally and particularly to the frail elderly and persons with underlying medical concerns;
- D. Vaccines, which prevent or reduce the risk of infection with SARS-CoV-2, have been and continue to be made available to residents and staff in British Columbia;
- E. Although the vaccination rate of residents and staff is generally high in many facilities, there are facilities where this is not the situation, and in all facilities there are residents and staff who are not vaccinated or who are not protected from infection and serious complications by having been vaccinated;
- F. Unvaccinated persons are at higher risk than vaccinated persons of being infected with SARS-CoV-2 and of transmitting SARS-CoV-2 to other persons, including vaccinated persons;
- G. Residents of facilities are typically elderly and usually have chronic health conditions or compromised immune systems which makes them particularly vulnerable to severe illness and death from COVID-19, even if they are vaccinated;
- H. Operators need to know the vaccination status of residents in order to implement infection prevention and control measures to protect residents and staff, including adjusting the schedules of non-vaccinated staff in the event that a facility is under enhanced surveillance for COVID-19, or there is an outbreak of COVID-19;
- I. Operators and contract employers need to know the vaccination status of staff in order to enforce preventive measures ordered by me;
- J. Medical health officers need to know the vaccination status of residents and staff at a facility on both an aggregate and individual level in order to be in a position to most effectively plan for a response to, and for the management of, an exposure or outbreak of COVID-19 at the facility;
- K. The presence of an unvaccinated outside provider in a facility creates a risk to residents and staff;
- L. I recognize the effects which the measures I have put, and am now putting in place, to protect the health of the residents and staff of facilities may have on people who are unvaccinated, and, with this in mind, have engaged and will continue to engage in a process of reconsideration of these measures, based upon the information and evidence available to me, including infection rates, sources of transmission, the presence of clusters and outbreaks, particularly in facilities, the number of people in hospital and in intensive care, deaths, the emergence of and risks posed by virus variants of concern, vaccine availability, immunization rates, the vulnerability of particular populations and

reports from the rest of Canada and other jurisdictions, with a view to balancing the interests of the public, including constitutionally protected interests, against the risk of harm to residents and staff of facilities created by the presence of unvaccinated persons in facilities;

- M. I further recognize that constitutionally-protected interests include the rights and freedoms guaranteed by the Canadian *Charter of Rights and Freedoms*, including the right to life, liberty and security of the person, along with freedom of religion and conscience, freedom of thought, belief, opinion and expression. These rights and freedoms, are not, however, absolute and are subject to reasonable limits, prescribed by law as can be demonstrably justified in a free and democratic society. These limits include proportionate, precautionary and evidence-based restrictions to prevent loss of life, serious illness and disruption of our health system and society. When exercising my powers to protect the health of the public from the risks posed by COVID-19, I am aware of my obligation to choose measures that limit the *Charter* rights and freedoms of British Columbians less intrusively, where doing so is consistent with public health principles;
- N. In addition, I recognize the interests protected by the *Human Rights Code* and the privacy interests of residents, staff and outside providers, and have taken all of these into consideration when exercising my powers to protect the health interests of residents and staff in facilities;
- O. After weighing the risk to the health of residents of facilities against the interests of persons who are not vaccinated for non-medical reasons, and taking into account the importance of maintaining a healthy workforce in facilities, the difficulty of assessing the validity of a claim for an exemption on a non-medical basis, the difficulty and risk inherent in accommodating persons who are unvaccinated, and the time and effort this entails on the part of public health and facility operators, I have decided not to consider a request for a variance under section 43 on other than a medical basis.
- P. I have reason to believe and do believe that
- (i) a lack of information about the vaccination status of resident and staff interferes with the suppression of SARS-CoV-2 in facilities and constitutes a health hazard under the *Public Health Act*;
 - (ii) the presence of an unvaccinated staff member or an unvaccinated outside provider in a facility constitutes a health hazard under the *Public Health Act*;
 - (iii) in order to mitigate the risk of the transmission of SARS-CoV-2 arising from the presence of unvaccinated persons in facilities, operators, medical health officers and I need information about the vaccination status of residents and staff, and employers need information about the vaccination status of staff;
 - (iv) in order to confirm the vaccination status of residents in facilities, I need to
 - a. collect personal information about residents from admitters and operators; and
 - b. match this information with information in the Provincial Immunization Registry;
 - (v) in order to confirm the vaccination status of staff in facilities, I need to
 - a. collect personal information about staff from operators; and

- b. upon receiving the personal information of staff from employers link this information with information in the Provincial Immunization Registry to determine vaccination status of staff.

Sections 30, 31, 32, 39, 53, 54 (1) (k), 56, 57 (1) and (2), and 67 (2) of the *Public Health Act* authorize me to

1. order operators and admitters to report to me personal information in a resident's record, or collected from a resident;
2. order operators to collect and retain vaccination status information from outside providers;
3. order employers of staff to use personal information about staff in their staff records for the purpose of reporting it to me;
4. order employers to collect personal information from staff which is not in their staff records for the purpose of reporting it to me;
5. order staff to provide personal information to employers for the purpose of reporting it to me;
6. use the personal information provided by operators, admitters, and employers to confirm the vaccination status of residents and staff by matching the information with information in the Provincial Immunization Registry;
7. disclose the vaccination status of residents to operators, and disclose the vaccination status of staff to operators and employers, so that operators and employers may implement preventive measures ordered by me or a medical health officer, or other infection and control measures ordered by me or a medical health officer;
8. disclose the vaccination status of residents and staff to medical health officers for the purpose of preventing and responding to exposures to, and outbreaks of, COVID-19 in facilities;
9. order preventive measures to protect residents and staff from the risk of transmission of SARS-CoV-2;
10. prohibit persons who have not provided proof of vaccination or are not in compliance with preventive measures from being in a facility.

It is in the public interest for me to exercise the powers in sections 30, 31, 32, 39, 43, 53, 54 (1) (k), 56, 57 (1) and (2), and 67 (2) of the *Public Health Act* **TO ORDER** as follows:

DEFINITIONS:

In this Order

“**admitter**” includes an operator;

“**BC services card**” within the meaning of the Identification Card regulation;

“**category of staff member**” means a job description in accordance with Schedule 1;

“close contact” means within two metres of another person;

“contractor” means a person who employs staff to work in a facility but who is not an operator;

“employer” means an operator who employs staff or a contractor;

“facility” means a long term care facility, a private hospital, a stand- alone extended care hospital, an assisted living residence which provides regular assistance with activities of daily living, including eating, mobility, dressing, grooming, bathing or personal hygiene, or a Provincial mental health facility.

“medical mask” means a medical grade face mask that meets the ASTM International and ISO (or equivalent) performance requirements for bacterial filtration efficiency, particulate filtration efficiency, fluid resistance, pressure differential, flame spread, skin sensitivity and cytotoxic testing;

“Provincial mental health facility” means a place designated as a Provincial mental health facility by the minister under section 3 (1) of the *Mental Health Act* and appearing in Schedule A to Ministerial Order M 393/2016, at <https://www.health.gov.bc.ca/library/publications/year/2016/facilities-designatedmental-health-act.pdf>, unless otherwise stated;

“occasional” means not being present on an ongoing basis in either one or different facilities;

“operator” means a board designated under the *Health Authorities Act*, a board of management of a stand-alone extended care hospital designated under the *Hospital Act*, a licensee under the *Hospital Act*, a licensee or a registrant under the *Community Care and Assisted Living Act*, and a director of a Provincial mental health facility which is designated under the *Mental Health Act*;

“outside health care or personal care provider” means a physician, nurse, physiotherapist, occupational therapist, home support worker, faculty member of a health care or personal care educational or training facility, emergency medical assistant present in a facility on a non-urgent basis, patient transport worker or any other non-staff member who provides health care or personal care to a resident, but does not include a visitor;

“outside support or personal service provider” means a volunteer, hired companion, barber, hairdresser, nail esthetician or any other non-staff member who provides personal support or a personal service to a resident, but not include a visitor;

“other outside provider” means a person other than a resident, staff member, visitor, outside health care provider, outside personal care provider, outside support provider or outside personal service provider, who is in a facility, and includes an entertainer, animal therapy provider and maintenance person;

“PCR test” means a polymerase chain reaction test administered by a publicly funded program or a publicly paid health care provider;

“photo identification” means one of the following:

- a. a photo BC Services Card within the meaning of the Identification Card regulation;
- b. a driver’s licence, issued by a government of a province of Canada and including a photograph of the holder;

- c. a certificate of Indian Status;
- d. a Métis Nation British Columbia citizenship and identification card;
- e. a passport attesting to citizenship or other national status, issued by a government of any jurisdiction and including a photograph of the holder;
- f. another form of identification, issued by a government of any jurisdiction, including a photograph of the holder

“proof of vaccination” means by providing a vaccine card which shows that the person has been vaccinated;

“rapid test” means a test that

- a. is administered using a device commonly known as a “rapid testing device” or “point-of-care test device”,
- b. is used as a screening tool for the communicable disease known as COVID-19,
- c. provides test results at the point of testing within approximately 20 minutes of the test being administered, and
- d. is approved for use in Canada by the department of the federal government responsible for regulating health devices;

“regular” means being present at least once a month on an ongoing basis in either one or different facilities;

“staff member” means a person employed to work in a facility by the operator of a facility, a person employed by a contractor, a practicum student providing health care or personal care in a facility, including a person on leave;

“unvaccinated” means that a person does not meet the definition of “vaccinated”, and includes

- a. a staff member who has not provided the information required to be provided under this Order,
- b. a staff member whose employer is advised that the staff member is unvaccinated by an operator, or by the Ministry of Health;
- c. a staff member for whom there is no record in the Provincial Immunization Registry.
- d. a staff member who has not been vaccinated in British Columbia, and who does not provide their vaccination history as required by this Order;

“vaccinated” means to have received, at least 7 days previously, all doses of a vaccine or a combination of vaccines as recommended by

- a. the provincial health officer, with respect to vaccines approved for use in Canada by the department of the federal government responsible for regulating drugs, or
- b. the World Health Organization, with respect to vaccines approved by the World Health Organization but not approved for use in Canada;

“vaccine card” means the following:

- a. in the case of a person who is more than 18 years of age, photo identification and proof in one of the following forms that the holder is vaccinated:
 - i. electronic proof or a printed copy of an electronic proof

- (A) issued by the government in the form of a QR code, accessible through the “BC Services Card” electronic online platform, and
- (B) showing the name of the holder;
- ii. proof in writing, issued by the government for the purpose of showing proof of vaccination in accordance with orders made under the *Public Health Act*;
- iii. a type of proof, whether electronic or in writing, that is issued
 - (A) by the government of Canada or of a province of Canada, and
 - (B) for the purpose of showing proof of vaccination in accordance with an order made in the exercise of a statutory power with respect to the protection of public health or the facilitation of international travel;
- b. in the case of a person who is 12 to 18 years of age, proof in a form referred to in paragraph a. (i), (ii) or (iii).

“vaccine” means a World Health Organization approved vaccine against infection by SARS-CoV-2;

A. OPERATORS AND ADMITTERS

MUST:

1. Provide the following information about current residents from resident files, or collect it from current residents, and provide it to me, with the name and address of the facility, by September 8, 2021, by entering the information at the [data entry portal](#), or as otherwise directed by me:
 - a. the resident’s legal first and last names;
 - b. the resident’s birthdate; and
 - c. the resident’s personal health number.
2. Collect the following information from new residents at the time of admission, and provide it to me, with the name and address of the facility, at the time of admission, by entering the information at the [data entry portal](#), or as otherwise directed by me:
 - a. the resident’s legal first and last names;
 - b. the resident’s birthdate;
 - c. the resident’s personal health number; and
 - d. the resident’s date of admission.

3. Provide the date on which a resident is discharged from or ceases to live in a facility to me, at the time the resident is discharged from, or ceases to live in a facility, by entering the date, the name of the resident, and the name and address of the facility, at the [data entry portal](#), or as otherwise directed by me.

B. RESIDENTS

MUST:

1. Provide the following information to the operator of the facility in which they reside, or to an admitter at the time of admission:
 - a. the resident's legal first and last names;
 - b. the resident's birthdate; and
 - c. the resident's personal health number.
2. If the resident has received a vaccine outside British Columbia, enter their vaccination history at <https://www.immunizationrecord.gov.bc.ca/>.

C. CONTRACTORS AND OPERATORS

CONTRACTORS

MUST:

1. In order to ensure that I have complete and up to date records about the vaccination status of staff, collect the following information from staff records, or collect the following information from staff, with respect to existing staff whose information has not been provided to me by the date of this Order, and new staff who are hired after the date of this Order, and provide this information to the operator of the facility in which the staff member works:
 - a. the staff member's legal first and last names;
 - b. the staff member's birthdate;
 - c. the staff member's personal health number;
 - d. a new staff member's date of hire; and
 - e. the date on which a staff member ceases to work in a facility.
2. Verify that the personal health number of each staff member provided further to section 1. is correct by comparing it to the number on the staff member's BC Services Card.

3. Destroy the record of a staff member's personal health number, once the staff member's vaccination status has been provided by the Ministry of Health to the operator of the facility in which the staff member works, and the operator notifies the contractor that the information may be destroyed.

OPERATORS

MUST:

1. With respect to staff employed by the Operator,
 - a. provide the following information from staff records, or collect the following information from staff, including staff on leave for any reason, and provide this information, with the name and address of the facility in which the staff member works, and the category to which the staff member belongs, by entering the information at the [data entry portal](#), or as otherwise directed by me:
 - i. the staff member's legal first and last names;
 - ii. the staff member's birthdate;
 - iii. the staff member's personal health number.
 - b. collect the following information from new staff, and provide this information, with the name and address of the facility in which the new staff member works, and the category to which the new staff member belongs, by entering the information at the time of hire, at the [data entry portal](#), or as otherwise directed by me:
 - i. the staff member's legal first and last names;
 - ii. the staff member's birthdate;
 - iii. the staff member's personal health number; and
 - iv. the date on which a new staff member begins to work at the facility.
 - c. provide the date on which a staff member ceases to work in a facility, at the time the staff member ceases to work in a facility, by entering the date, the staff member's name, and the name and address of the facility, into the [data entry portal](#), or as directed by me.
2. With respect to staff employed by a contractor,
 - a. provide the following information collected from the contractor, with the name and address of the facility in which the staff member works, and the category to which the staff member belongs, by entering the information at the [data entry portal](#), or as otherwise directed by me:
 - i. the staff member's legal first and last names;

- ii. the staff member's birthdate;
 - iii. the staff member's personal health number; and
 - iv. the date on which a new staff member begins to work at the facility.
- b. provide the date on which a staff member employed by a contractor ceases to work in a facility, at the time the staff member ceases to work in a facility, by entering the date, the staff member's name, and the name and address of the facility, into the [data entry portal](#), or as otherwise directed by me.
3. Destroy the record of a staff member's personal health number, including the record of the personal health number of a staff member who is provided by a contractor, once the staff member's vaccination status has been provided by the Ministry of Health.
 4. Notify a contractor once a staff member's vaccination status has been provided by the Ministry of Health, so that the contractor may destroy the record of the staff member's personal health number.
 5. If an operator is advised by the Ministry of Health that a staff member who is an employee of a contractor is unvaccinated, or that there is no record of the employee's vaccination status in the Provincial Immunization Registry, the operator must provide this information to the contractor.

D. STAFF

MUST:

1. Subject to section 2, provide the following information to their employer if the information has not been provided by the date of this Order:
 - a. their legal first and last names;
 - b. their birthdate;
 - c. their personal health number.
2. Provide their BC Services Card to their employer, so that their employer may verify their personal health number.
3. If required to provide information further to section 1. provide their vaccine card to their employer on request, so that their employer may determine their vaccination status, unless the employer has already verified their vaccine status.
4. If the staff member has received a vaccine outside British Columbia, enter their vaccination history at <https://www.immunizationrecord.gov.bc.ca/>.

E. PREVENTIVE MEASURES APPLICABLE TO STAFF

Commencing on September 16, 2021, the following preventive measures and requirements come into effect:

1. An unvaccinated staff member must wear a medical mask which covers their nose and mouth when in a facility, or when accompanying a resident away from a facility.
2. Despite section 1, an unvaccinated staff member may remove a medical mask when consuming food or a beverage.
3. An unvaccinated staff member must be tested for COVID-19 by means of a rapid test at a facility at every shift.
4. If a rapid test result for an unvaccinated staff member is positive, the unvaccinated staff member must
 - a. notify the operator, and employer if not the operator, of the test result,
 - b. leave the facility as soon as it is operationally safe to do so,
 - c. arrange to have a PCR test as soon as possible,
 - d. advise the operator and employer, if not the operator, of the result of the PCR test, and
 - e. not return to the facility, unless
 - i. the result of the PCR test is negative, or,
 - ii. if the PCR test result is positive,
 - A. 10 days have passed from the time of the positive rapid test result, or
 - B. the staff member's return has been approved by the medical health officer.
5. An operator and employer, if not the operator, must require an unvaccinated staff member to wear a medical mask which covers their nose and mouth when in a facility, or when accompanying a resident away from a facility.
6. An operator must make provision for the rapid testing of unvaccinated staff for COVID-19 in the facility, and the operator and employer, if not the operator, must require an unvaccinated staff member to be tested as required in section 3.
7. An operator and employer, if not the operator, must require an unvaccinated staff member who tests positive after a rapid test to leave the facility immediately, if it is operationally safe to do so.

8. An unvaccinated staff member who does not wear a medical mask which covers their nose and mouth, or get tested as required in section 3, must not be in a facility.
9. An unvaccinated staff member who does not provide an operator and employer, if not the operator, with a negative PCR test result after receiving a positive test result from a rapid test must not return to a facility until 10 days have passed from the time of the positive rapid test result, unless an earlier return by the staff member is approved by the medical health officer.
10. An operator and employer, if not the operator, must not permit an unvaccinated staff member who is not wearing a medical mask which covers their nose and mouth, or who does not get tested as required in section 3, to be in a facility.
11. An operator and employer, if not the operator, must not permit an unvaccinated staff member who tests positive on a rapid test to return to a facility, until the staff member provides a negative PCR test result, or 10 days have passed from the time of the positive rapid test result, unless an earlier return by the staff member is approved by the medical health officer.

F. OUTSIDE HEALTH CARE OR PERSONAL CARE PROVIDERS

1. An outside health care or personal care provider who does not provide an operator with proof of vaccination, and who is in a facility, must:
 - a. wear a medical mask which covers their nose and mouth,
 - b. maintain a two metre distance from every other person in the facility, except for the resident to whom they are providing care,
 - c. not be in close contact with a resident to whom they are providing care, unless it is necessary in order to provide care to the resident.
2. An outside health care or personal care provider who does not provide an operator with proof of vaccination, and who is not in compliance with section 1, must not be in a facility.
3. An operator must not permit an outside health care or personal care provider who does not provide proof of vaccination, and who is not in compliance with section 1, to be in a facility.
4. An operator must make and retain a record of proof of vaccination provided by an outside health care or personal care provider, and must provide information from this record, or the record itself, to me or to the medical health officer, on request.

Commencing on October 12, 2021, the following requirements come into effect and replace the requirements above:

5. An outside health care or personal care provider who does not provide an operator with proof of vaccination must not be in a facility.

6. An operator must request proof of vaccination from an outside health care or personal care provider who seeks access to a facility.
7. An operator must not permit an outside health care or personal care provider who has not provided proof of vaccination to be in a facility.
8. An operator must make and retain a record of proof of vaccination provided by an outside health care or personal care provider, and must provide information from this record, or the record itself, to me or to the medical health officer, on request.

G. OUTSIDE SUPPORT OR PERSONAL SERVICE PROVIDERS

1. An outside support or personal service provider who does not provide an operator with proof of vaccination must not be in a facility.
2. An operator must request proof of vaccination from an outside support or personal service provider who seeks access to a facility.
3. An operator must not permit an outside support or personal service provider who has not provided proof of vaccination to be in a facility.
4. An operator must make and retain a record of proof of vaccination provided by an outside support or personal service provider, and must provide information from this record, or the record itself, to me or to the medical health officer, on request.

H. REGULAR OTHER OUTSIDE PROVIDERS WHO HAVE CLOSE CONTACT WITH A RESIDENT

1. A regular other outside provider who has close contact with a resident and who does not provide an operator with proof of vaccination must not be in a facility.
2. An operator must request proof of vaccination from a regular other outside provider who has close contact with a resident and who seeks access to a facility.
3. An operator must not permit a regular other outside provider who has close contact with a resident, who has not provided proof of vaccination, to be in a facility.
4. An operator must make and retain a record of proof of vaccination provided by a regular other outside provider who has close contact with a resident, and must provide information from this record, or the record itself, to me or to the medical health officer, on request.

I. REGULAR OTHER OUTSIDE PROVIDERS WHO DO NOT HAVE CLOSE CONTACT WITH A RESIDENT

1. A regular other outside provider who does not have close contact with a resident, who does not provide an operator with proof of vaccination, and who is in a facility must:
 - a. wear a face covering which covers their nose and mouth,

- b. maintain a two metre distance from every other person in the facility.
- 2. A regular other outside provider who does not have close contact with a resident, who does not provide an operator with proof of vaccination, and who is not in compliance with section 1, must not be in a facility.
- 3. An operator must not permit a regular other outside provider who does not have close contact with a resident, who does not provide proof of vaccination, and who is not in compliance with section 1 to be in a facility.
- 4. An operator must make and retain a record of proof of vaccination provided by a regular other outside provider who does not have close contact with a resident, and must provide information from this record, or the record itself, to me or to the medical health officer, on request.

Commencing on October 12, 2021, the following requirements come into effect and replace the requirements above:

- 5. A regular other outside provider who does not have close contact with a resident, and who does not provide an operator with proof of vaccination, must not be in a facility.
- 6. An operator must request proof of vaccination from a regular other outside provider who does not have close contact with a resident, and who seeks access to a facility.
- 7. An operator must not permit a regular other outside provider who does not have close contact with a resident, and who has not provided proof of vaccination, to be in a facility.
- 8. An operator must make and retain a record of proof of vaccination provided by a regular other outside provider who does not have close contact with a resident, and must provide information from this record, or the record itself, to me or to the medical health officer, on request.

J. OCCASIONAL OTHER OUTSIDE PROVIDERS WHO HAVE CLOSE CONTACT WITH A RESIDENT

- 1. An occasional other outside provider who has close contact with a resident, who does not provide an operator with proof of vaccination and who is in a facility must:
 - a. wear a face covering which covers their nose and mouth,
 - b. maintain a two metre distance from every person in the facility, except a resident with whom it is necessary that they be in close contact,
 - c. not be in close contact with a resident unless this is necessary.
- 2. An occasional other outside provider who has close contact with a resident, who does not provide an operator with proof of vaccination and who is not in compliance with section 1, must not be in a facility.

3. An operator must not permit an occasional other outside provider who has close contact with a resident, who does not provide an operator with proof of vaccination and who is not in compliance with section 1, to be in a facility.
4. An operator must make and retain a record of proof of vaccination provided by an occasional other outside provider who has close contact with a resident, and must provide information from this record, or the record itself, to me or to the medical health officer, on request.

Commencing on October 12, 2021, the following requirements come into effect and replace the requirements above:

5. An occasional other outside provider who has close contact with a resident, and who does not provide an operator with proof of vaccination, must not be in a facility.
6. An operator must request proof of vaccination from an occasional other outside provider who has close contact with a resident, and who seeks access to a facility.
7. An operator must not permit an occasional other outside provider who has close contact with a resident, and who has not provided proof of vaccination, to be in a facility.
8. An operator must make and retain a record of proof of vaccination provided by an occasional other outside provider who has close contact with a resident, and must provide information from this record, or the record itself, to me or to the medical health officer, on request.

K. OCCASIONAL OTHER OUTSIDE PROVIDERS WHO DO NOT HAVE CLOSE CONTACT WITH A RESIDENT

1. An occasional other outside provider who does not have close contact with a resident, who does not provide an operator with proof of vaccination and who is in a facility must:
 - a. wear a face covering which covers their nose and mouth,
 - b. maintain a two metre distance from every other person in the facility.
2. An occasional other outside provider who does not have close contact with a resident, who does not provide an operator with proof of vaccination and who is not in compliance with section 1, must not be in a facility.
5. An operator must not permit an occasional other outside provider who does not have close contact with a resident, who does not provide an operator with proof of vaccination and who is not in compliance with section 1, to be in a facility.
6. An operator must make and retain a record of proof of vaccination provided by an occasional other outside provider who does not have close contact with a resident, and must provide information from this record, or the record itself, to me or to the medical health officer, on request.

L. DELEGATION OF AUTHORITY TO THE MEDICAL HEALTH OFFICER TO CONSIDER AND MAKE A DECISION WITH RESPECT TO A REQUEST FOR RECONSIDERATION MADE UNDER SECTION 43 RELATING TO A REQUEST FOR AN EXEMPTION ON A MEDICAL BASIS

Under the authority vested in me by section 69 of the *Public Health Act*, I delegate my authority under section 43 of the *Public Health Act* to the medical health officer to receive, consider, and make a decision with respect to a request for reconsideration from an individual seeking a medical exemption in the geographic region of the Province for which the medical health officer is designated.

M. SPECIFICATION AND DESIGNATION OF THE MEDICAL HEALTH OFFICER TO RECEIVE A NOTICE UNDER SECTION 56 (2) OF THE PUBLIC HEALTH ACT AND TO ISSUE AN INSTRUCTION

Under the authority vested in me by section 56 of the *Public Health Act*, I designate the medical health officer to receive a written notice from a medical practitioner under section 56 (2) with respect to a person in the geographic region of the Province for which the medical health officer is designated, and designate the medical health officer to issue an instruction to the person in response to the notice, if reasonably practical.

N. MEDICAL HEALTH OFFICER ORDERS

Recognizing that the risk differs in different regions of the province, and that medical health officers are in the best position to assess local circumstances with respect to the risk of the transmission of communicable diseases in facilities, **I FURTHER ORDER:**

1. A medical health officer may make an order subsequent to this Order for the purpose of imposing more restrictive limitations or conditions with respect to facilities in the whole or part of the geographic area of the province for which the medical health officer is designated, or with respect to a particular facility.
2. While it is in force, a provision in an order made by a medical health officer subsequent to this Order, which imposes more restrictive limitations or requirements than this Order with respect to one or more facilities, or one or more classes of facilities, applies in the whole or part of the geographic area of the province for which the medical health officer is designated, according to the terms of the order, despite the provisions of this Order.

This Order does not have an expiration date.

You are required under section 42 of the *Public Health Act* to comply with this Order.

Failure to comply with this Order is an offence under section 99 (1) (k) of the *Public Health Act*.

Pursuant to section 54 (1) (h) of the *Public Health Act*, and in accordance with the emergency powers set out in Part 5 of the *Public Health Act*, I will not be accepting requests for reconsideration of this Order under section 43, except for the purpose of seeking a medical exemption, as provided for in section 56.

A request for reconsideration for the purpose of seeking a medical exemption must include a signed and dated statement from a medical practitioner, based upon a current assessment, that the health of the person would be seriously jeopardized if the person were to comply with the Order, and a signed and dated copy of each portion of the person's health record relevant to this statement.

A request under section 43 may be submitted to the Provincial Health Officer at ProvHlthOffice@gov.bc.ca with the subject line "Request for Reconsideration about Preventive Measures in Facilities".

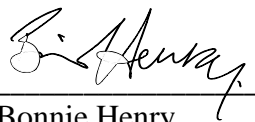

If you fail to comply with this Order, I have the authority to take enforcement action against you under Part 4, Division 6 of the *Public Health Act*.

ENCLOSURE**Excerpts of the Public Health Act [SBC 2008] c. 28*****Definitions******1 In this Act:***

"health hazard" means

- (a) a condition, a thing or an activity that
 - (i) endangers, or is likely to endanger, public health, or
 - (ii) interferes, or is likely to interfere, with the suppression of infectious agents or hazardous agents, or
- (b) a prescribed condition, thing or activity, including a prescribed condition, thing or activity that
 - (i) is associated with injury or illness, or
 - (ii) fails to meet a prescribed standard in relation to health, injury or illness;

When orders respecting health hazards and contraventions may be made

30 (1) A health officer may issue an order under this Division only if the health officer reasonably believes that

- (a) a health hazard exists,
- (b) a condition, a thing or an activity presents a significant risk of causing a health hazard,
- (c) a person has contravened a provision of the Act or a regulation made under it, or
- (d) a person has contravened a term or condition of a licence or permit held by the person under this Act.

(2) For greater certainty, subsection (1) (a) to (c) applies even if the person subject to the order is complying with all terms and conditions of a licence, a permit, an approval or another authorization issued under this or any other enactment.

General powers respecting health hazards and contraventions

31 (1) If the circumstances described in section 30 [*when orders respecting health hazards and contraventions may be made*] apply, a health officer may order a person to do anything that the health officer reasonably believes is necessary for any of the following purposes:

- (a) to determine whether a health hazard exists;
- (b) to prevent or stop a health hazard, or mitigate the harm or prevent further harm from a health hazard;
- (c) to bring the person into compliance with the Act or a regulation made under it;
- (d) to bring the person into compliance with a term or condition of a licence or permit held by that person under this Act.

- (2) A health officer may issue an order under subsection (1) to any of the following persons:
- (a) a person whose action or omission
 - (i) is causing or has caused a health hazard, or
 - (ii) is not in compliance with the Act or a regulation made under it, or a term or condition of the person's licence or permit;
 - (b) a person who has custody or control of a thing, or control of a condition, that
 - (i) is a health hazard or is causing or has caused a health hazard, or
 - (ii) is not in compliance with the Act or a regulation made under it, or a term or condition of the person's licence or permit;
 - (c) the owner or occupier of a place where
 - (i) a health hazard is located, or
 - (ii) an activity is occurring that is not in compliance with the Act or a regulation made under it, or a term or condition of the licence or permit of the person doing the activity.

Specific powers respecting health hazards and contraventions

- 32** (1) An order may be made under this section only
- (a) if the circumstances described in section 30 [*when orders respecting health hazards and contraventions may be made*] apply, and
 - (b) for the purposes set out in section 31 (1) [*general powers respecting health hazards and contraventions*].
- (2) Without limiting section 31, a health officer may order a person to do one or more of the following:
- (a) have a thing examined, disinfected, decontaminated, altered or destroyed, including
 - (i) by a specified person, or under the supervision or instructions of a specified person,
 - (ii) moving the thing to a specified place, and
 - (iii) taking samples of the thing, or permitting samples of the thing to be taken;
 - (b) in respect of a place,
 - (i) leave the place,
 - (ii) not enter the place,
 - (iii) do specific work, including removing or altering things found in the place, and altering or locking the place to restrict or prevent entry to the place,
 - (iv) neither deal with a thing in or on the place nor dispose of a thing from the place, or deal with or dispose of the thing only in accordance with a specified procedure, and
 - (v) if the person has control of the place, assist in evacuating the place or examining persons found in the place, or taking preventive measures in respect of the place or persons found in the place;
 - (c) stop operating, or not operate, a thing;
 - (d) keep a thing in a specified place or in accordance with a specified procedure;

- (e) prevent persons from accessing a thing;
- (f) not dispose of, alter or destroy a thing, or dispose of, alter or destroy a thing only in accordance with a specified procedure;
- (g) provide to the health officer or a specified person information, records, samples or other matters relevant to a thing's possible infection with an infectious agent or contamination with a hazardous agent, including information respecting persons who may have been exposed to an infectious agent or hazardous agent by the thing;
- (h) wear a type of clothing or personal protective equipment, or change, remove or alter clothing or personal protective equipment, to protect the health and safety of persons;
- (i) use a type of equipment or implement a process, or remove equipment or alter equipment or processes, to protect the health and safety of persons;
- (j) provide evidence of complying with the order, including
 - (i) getting a certificate of compliance from a medical practitioner, nurse practitioner or specified person, and
 - (ii) providing to a health officer any relevant record;
- (k) take a prescribed action.

(3) If a health officer orders a thing to be destroyed, the health officer must give the person having custody or control of the thing reasonable time to request reconsideration and review of the order under sections 43 and 44 unless

- (a) the person consents in writing to the destruction of the thing, or
- (b) Part 5 [*Emergency Powers*] applies.

Contents of orders

39 (3) An order may be made in respect of a class of persons.

(6) A health officer who makes an order may vary the order

- (a) at any time on the health officer's own initiative, or
- (b) on the request of a person affected by the order, following a reconsideration under section 43 [*reconsideration of orders*].

Duty to comply with orders

42 (1) A person named or described in an order made under this Part must comply with the order.

(2) Subsection (1) applies regardless of whether the person leaves the geographic area for which the health officer who made the order is designated.

Reconsideration of orders

43 (1) A person affected by an order, or the variance of an order, may request the health officer who issued the order or made the variance to reconsider the order or variance if the person

- (a) has additional relevant information that was not reasonably available to the health officer when the order was issued or varied,
 - (b) has a proposal that was not presented to the health officer when the order was issued or varied but, if implemented, would
 - (i) meet the objective of the order, and
 - (ii) be suitable as the basis of a written agreement under section 38 [*may make written agreements*], or
 - (c) requires more time to comply with the order.
- (2) A request for reconsideration must be made in the form required by the health officer.
- (3) After considering a request for reconsideration, a health officer may do one or more of the following:
- (a) reject the request on the basis that the information submitted in support of the request
 - (i) is not relevant, or
 - (ii) was reasonably available at the time the order was issued;
 - (b) delay the date the order is to take effect or suspend the order, if satisfied that doing so would not be detrimental to public health;
 - (c) confirm, rescind or vary the order.
- (4) A health officer must provide written reasons for a decision to reject the request under subsection (3) (a) or to confirm or vary the order under subsection (3) (c).
- (5) Following a decision made under subsection (3) (a) or (c), no further request for reconsideration may be made.
- (6) An order is not suspended during the period of reconsideration unless the health officer agrees, in writing, to suspend it.
- (7) For the purposes of this section,
- (a) if an order is made that affects a class of persons, a request for reconsideration may be made by one person on behalf of the class, and
 - (b) if multiple orders are made that affect a class of persons, or address related matters or issues, a health officer may reconsider the orders separately or together.
- (8) If a health officer is unable or unavailable to reconsider an order he or she made, a similarly designated health officer may act under this section in respect of the order as if the similarly designated health officer were reconsidering an order that he or she made.

Part applies despite other enactments

53 During an emergency, this Part applies despite any provision of this or any other enactment, including

- (a) in respect of the collection, use or disclosure of personal information, the *Freedom of Information and Protection of Privacy Act* and the *Personal Information Protection Act*, and

(b) a provision that would impose a specific duty, limit or procedural requirement in respect of a specific person or thing,

to the extent there is any inconsistency or conflict with the provision or other enactment.

Emergency preventive measures

56 (1) The provincial health officer or a medical health officer may, in an emergency, order a person to take preventive measures within the meaning of section 16 [*preventive measures*], including ordering a person to take preventive measures that the person could otherwise avoid by making an objection under that section.

(2) If the provincial health officer or a medical health officer makes an order under this section, a person to whom the order applies must comply with the order unless the person delivers to a person specified by the provincial health officer or medical health officer, in person or by registered mail,

(a) a written notice from a medical practitioner stating that the health of the person who must comply would be seriously jeopardized if the person did comply, and

(b) a copy of each portion of that person's health record relevant to the statement in paragraph (a), signed and dated by the medical practitioner.

(3) If a person delivers a notice under subsection (2), the person must comply with an instruction of the provincial health officer or a medical health officer, or a person designated by either of them, for the purposes of preventing infection with, or transmission of, an infectious agent or a hazardous agent.

Emergency powers respecting reporting

57 (1) The provincial health officer may, in an emergency, order that a specified infectious agent, hazardous agent, health hazard or other matter be reported under this section.

(2) If an order is made under this section, a person required by the order to make a report must promptly report, to the extent of his or her knowledge, to a medical health officer the information required by the order.

(3) If a person is required to make a report under this Act, the provincial health officer may in an emergency order the person exempt from the requirement, or vary the requirement.

Provincial health officer may act as health officer

67 (1) The provincial health officer may exercise a power or perform a duty of a medical health officer under this or any other enactment, if the provincial health officer

(a) reasonably believes that it is in the public interest to do so because

(i) the matter extends beyond the authority of one or more medical health officers and coordinated action is needed, or

(ii) the actions of a medical health officer have not been adequate or appropriate in the circumstances, and

(b) provides notice to each medical health officer who would otherwise have authority to act.
(2) During an emergency under Part 5 [*Emergency Powers*], the provincial health officer may exercise a power or perform a duty of a health officer under this or any other enactment, and, for this purpose, subsection (1) does not apply.

Delegation by provincial health officer

69 The provincial health officer may in writing delegate to a person or class of persons any of the provincial health officer's powers or duties under this Act, except the following:

- (a) a power to further delegate the power or duty;
- (b) a duty to make a report under this Act.

Offences

99 (1) A person who contravenes any of the following provisions commits an offence:

...

(k) section 42 [*failure to comply with an order of a health officer*], except in respect of an order made under section 29 (2) (e) to (g) [*orders respecting examinations, diagnostic examinations or preventive measures*];
